## MARKET VALUE

While determining the market value of the land as on 21.3.2003, i.e the date of notification U/s 4 of the Land Acquisition Act, 1894, several factors such as location of the land, nature of soil, potentialities attached to the land and awards announced in the recent past of the same or adjoining villages, pronouncement of different courts, claims filed by the interested persons, sale deeds and price policy of the Government regarding acquisition of agricultural land are to be taken into consideration.

The land under acquisition is agricultural land. However, on survey done by the staff of Land Acquisition branch it is found that there is "GADDHA" upto 2-3 feet in 21 Bigha 01 biswa. The same has been verified, and found that these land is also not under cultivation. That is the land seems to be non fertility. Hence for the purpose of assessing the market value, land can fairly be divided into two category/blocks. One block will consist of level land or land having depth upto 2 to 3 feet under cultivation total measuring 1733 Bigha 13 Biswa is categorized as Block "A". second Block consisting of GADDHA upto 2-3 feet but not under cultivation measuring 21 Bigha 01 Biswa is categorized as Block "B".

Detail of "B" Block is as under: -

| Rect. No. | Khasra No. | Area  |
|-----------|------------|-------|
| 22        | 8/1        | 2-08  |
| 23        | 11         | 5-07  |
|           | 12         | 2-13  |
|           | 13         | 3-09  |
|           | 19         | 4-16  |
|           | 20/1       | 2-08  |
| TOTAL     |            | 21-01 |

The land under acquisition is agricultural in nature. The interested persons have generally claimed exorbitant prices of their land by making claims about Rs. 5,000.00 to Rs.10,000.00 per Sq. Yds. However none of the claimants have not filed any evidence in support of their claim. The claimant ought to have produced sale deed in respect of land situated in village Begumpur or land near to the land under acquisition.

In a policy announcement which came into effect from the financial year 2001-2002, Government of National Capital Territory of Delhi fixed the indicative prices of agricultural land @ Rs.15,70,000.00 per acre for the acquisition of agricultural land vide their order No. F.9(20)/80/L&B/LA/6696 dated 9.8.2001 which are applicable with effect from 1.4.2001.

The notification under section 4 was issued on 21.3.2003 and the price of the land is to be determined as on the date of notification under section 4 of Land Acquisition Act itself. Hence, in view of the absence of any documentary evidences on record to the contrary, and in light of the above discussion, I find Rs.15,70,000.00 per acre to be the most reasonable price for the best kind, i.e land falling in "A" block as on 21.3.2003. I, accordingly, determine the market value of the "A" block land @ Rs.15,70,000.00 per acre.

As regards assessment of land falling in "B" block is concerned attention is required to be paid to the quality and level of land. As stated earlier, this land has Gaddhas upto 2-3 feet. Moreover the land is not under cultivation and as such it can clearly be presumed that the land is not fit for cultivation. Had the land been fertile the owner of the land would have put the land under use i.e under cultivation. The said land can be compared with the land having Gaddha upto 3-5 feet from which earth has been removed and fertility lowered. Hence for the purpose of assessment of this land, the assessment arrived in case of land having Gaddha upto 3-5 feet and categorized under "B" block can be made applicable.

As regards land having Gaddha upto 3-5 feet, it is stated that earth has been taken out. To make this low leveled inferior quality land leveled, earth filling will have to be done. Local enquiries were made and it came to my notice that for removing earth upto 3-4 feet the land owners of these land had received money @ Rs.1.20 lacs per acre at that time i.e 10-13 years back.. Attention is drawn to the Award No. 10//99-2000 of village Sanoth wherein the land having Gaddhas upto 3 feet have been categorized in Block "B" and the market value assessed of the B block land was lower by Rs.1,20,000.00 from the A block leveled land, i.e the owners of B block land received a sum of Rs.1,20,000.00 per acre on selling their land. The land in village Sanoth under reference was notified Under section 4 of Land Acquisition Act on 1.6.1998. After taking into the consideration the increase in the market value of the land notified subsequently, the market value of B block is to be reduced by Rs.1,70,000.00 per Acre as on 23.1.2003, i.e the date of notification under section 4 of LA Act in the present matter in comparison with the market value of leveled "A" block of land. As such I accordingly, assess the market value of B block land @ Rs.14,00,000.00 per acre.

### **SOLATIUM**

As provided under sub-section 2 of section 23 of the Land Acquisition (amendment) Act, 1984, solatium @ 30% shall be paid to the interested persons on the market value of the land.

### **ADDITIONAL AMOUNT**

The interested persons are entitled to additional amount @12% p.a on the market value of the land as per the provisions of section 23(1-A) of the Land Acquisition Act, 1894 from the date of notification under section 4 i.e. 21.3.2003 till the date of possession or announcement of award whichever is earlier.

### **POSSESSION**

Physical possession of the notified land will be handed over after announcement of award.

**TUBEWELL**

There are no tube well in the acquired land.

**WELL**

There is no well in the acquired land.

**BORING**

There is no boring in the acquired land.

**TREES**

There are trees on the acquired land under acquisition, but in infancy stage, which cannot be converted into firewood. Hence, I do not assess any market value of such trees having less than one-quintal weight. Pipal and Banyan trees have not been assessed.

**STRUCTURE**

There exist some structures in the form of residential houses/Godown, Schools etc in the land under acquisition in contrary to the land use. Hence the market value of these structures which is unlawful or contrary to the land use has been disregarded and the market value shall be deemed to be the market value of the land if put to ordinary use.
