## MEASUREMENT

The area to be acquired for development of Freight Complex at Narela and 100 meter wide road under Planned Development of Delhi and declared under section 4 of LA Act, 1894 is 794-11. Out of which only 281-15 has been notified under section 6 of the LA Act, 1894 for development of Freight Complex at Narela, under Planned Development of Delhi. Field staff measured the land and found out that the actual area notified comes to 286 bigha 11 biswa. Whereas, the actual area to be acquired comes to 281 Bigha 15 Biswa on the basis reason given as under:-

Area measuring 4-16 out of Khasra No. 30/22 has been notified for construction of 100 meter wide road and also for development of Freight Complex. Since Kh. #### MARKET VALUE

While determining the market value of the land as on 22.8.2001, i.e the date of notification U/s 4 of the Land Acquisition Act, 1894, several factors such as location of the land, nature of soil, awards announced in the recent past of the same or adjoining villages, pronouncement of different courts, claims filed by the interested persons, sale deeds and price policy of the Government regarding acquisition of agricultural land are to be taken into consideration.

The land under acquisition is agricultural land and is being used for agriculture.

The interested persons have generally claimed exorbitant prices of their land by making claims about Rs. 10,000/- per Sq. Yds. They have, however, not filed any documentary evidence(s) in support of their claims. One of the claimant has filed documentary evidence in the form of certified copy of the sale deed executed on 25.3.2000 for a sum of Rs.26,75,000.00 Per acre in respect of one acre of land situated in village Mamoorpur in support of his claim.

✓

On perusal of his claim it is found that the claimant has not at all stressed on the said sale deed in support of his claim. Also it is well established that in determining compensation, the valuation fetched for smaller plot of land cannot be applied to lands covering a very large area. The larger area of land cannot possibly fetch the same rate at which smaller plots are sold. Moreover the location of the two land situated in village Alipur and that in Mamoorpur differs considerably. The land situated in village Mamoorpur and under reference is adjacent to the mettaled road. Also there is no approach road in the vicinity of the land under acquisition and under reference. Hence, the land in question has no commercial value. Moreover this office is in possession of a sale deed executed on 4.12.2001 in respect of land measuring 8 Bigha 10.1/2 Biswa and situated in village Narela for a sum of Rs.22,88,390.00 i.e Rs.12,89,000. (approx) per acre. It can clearly be stated that the market value of land has not increased but has either remained same or has decreased marginally. The claims therefore, cannot form the basis for determination of market value.

In a policy announcement which came into effect from the financial year 2001-2002 Government of National Capital Territory of Delhi fixed the indicative prices of agricultural land @ Rs.15,70,000.00 per acre for the acquisition of agricultural land vide their order No. F.9(20)/80/L&B I.A/6696 dated 9.8.2001 which are applicable with effect from 1.4.2001.

In view of the absence of any documentary evidences on record to the contrary, and in light of the above discussion, I find Rs.15,70,000.00 per acre to be the most reasonable price for the agricultural land as on 22.8.2001. The notification under section 4 was issued on 22.8.2001 and the price of the land is to be determined as on the date of notification Under section 4 of Land Acquisition Act itself. I, accordingly, determine the market value of the land @ Rs 15,70,000.00 per acre.

In addition to the market value fixed above, land owners will be entitled to all other benefits as per the provision of the Land Acquisition Act.

### **SOLATIUM**

As provided under sub-section 2 of section 23 of the Land Acquisition (amendment) Act, 1984, solatium @ 30% shall be paid to the interested persons on the market value of the land.

### **ADDITIONAL AMOUNT**

The interested persons are entitled to additional amount @12% p.a on the market value of the land as per the provisions of section 23(1-A) of the Land Acquisition Act, 1894 from the date of notification under section 4 i.e. 22.8.2001 till date of possession or announcement of the award whichever is earlier as per the provision of the Land Acquisition Act, 1894.

### **POSSESSION**

Physical possession of the land under acquisition will be taken after announcement of award.

### **TUBEWELL**

There are 4 tube well with Kotha in the acquired land in Khasra No. 13/17, 14/27, 33/5 and 33/9. I allow Rs.5,000.00 per tube well with Kotha as removal charges.

## WELL

There are 1 well in the acquired land in Khasra No. 14//13 and 34//1. Since, the well are non functional, I do not assess any value for it.

## TREES

There are some trees on the acquired land under acquisition. Some trees are in infancy stage, which cannot be converted into firewood. Hence, I do not assess any market value of such trees having less than one-quintal weight. Pipal and Banyan trees have not been assessed. The details of other trees are as under :-

Rect. No.	Khasra No	Name of trees	No. of trees	Weight in Quintal	Market value @Rs. 100.00 per quintal (in Rs)
