MARKET VALUE

Market value of the land is to be assessed in terms section 23(2) of the L.A. Act with reference to the date of notification u/s 4. In addition to this the situation, location, potentiality with other advantages enjoyed by the land are to be taken into consideration at the time of assessing the market value of the land. The sale transaction taken place with or within the vicinity of the land under acquisition, awards announced by the L.A.C. and Court adjudication pronounced against awards can provide good material for the purpose of assessing the market value of the land. Land under acquisition is a big chunk of land and its boundary is surrounded by the boundary of Village Toganpur, Pochanpur ^{Sakhpur} and ^{and} There is one metalled road leading to Village Amber Hai from Palam. In order to have details of sale transactions taken place in this Village, D-4 Register of this Village in Tehsil Mehrauli was consulted and it is revealed that several sale transactions have been taken place preceeding to the date of notification u/s 4, the details of which are as under:-

Sr.No.	Sale deed No.	Date of Registration	Area	Consideration money
1.	10535	21.2.80	6-16	Rs. 27,200-00
2.	10534	21.2.80	6-16	Rs. 27,200-00

9.	3661	9.6.83	12-14	Rs. 48,000-00

The above table indicate downward trend in the prevailing prices of the land in this Village whereas rate of the land in Delhi are on the upward side. So, the above table does not reflect fair market value of the land in question. Beside this there is one award in Village Amber Hai in which land was acquired for the public purpose namely increasing capacity of Najafgarh Drain. Award number was 129/80-81 with date of notification u/s 4 as 30.5.1979. In this Award the L.A.C. has assessed compensation @ Rs. 1800/- per bigha. This award also does not reflect correct price of the land prevailing in the close vicinity of the land as notification was made in the year 1979 as well as the land was very close to Najafgarh Drain which was low lying and heavily flood affected. So, this Award cannot be taken into consideration and is discarded. Besides, above the claimants have also adduced documentary evidence in support of their claims. The evidence mentioned at Sr.No. 2 & 3 pertains to Village Bharthal and Shahbad Mohd.pur. As regard to Bharthal it is not adjoining to the land under acquisition. However, the sale prices to the sale transaction in Village Shahbad Mohd.pur may reflect the trend of prices in the vicinity. Moreover, in the next adjoining Village Shahbad Mohd.pur, Hon'ble High Court of Delhi has already given price of Rs.13,000/- per bigha which appears to be very much justified and rational. Looking to the structure of the soil and condition of the crops and topography, in my view the land under acquisition was rather superior to the land of Village Shahbad Mohd.pur.

I personally inspected the site alongwith the field staff, The land of Village Toganpur and Shahbad Mohd.pur and found that there is no basic difference in the matter of potentiality and situation of the land of Village Amber Hai and land of Village

stated above. If the land enjoy all facility parallel to the adjoining land for which awards are drawn then it should not be placed at low price otherwise it will cause injustice to recorded Bhumidhar. In the interest of justice and ~~max~~ maintaining average price of the land within or close vicinity, it should be at par with the average price prevailing around the close vicinity. In Village Shahbad Mohd.pur there is one Award No. 10/86-87/^{with} the date of notification as 27.1.84. There is also Award No. 45/86-87 of Village Toganpur and Award No. 17/86-87 of Village Sahupur having same date of notification u/s 4, in which L.A.C. has assessed the compensation @ Rs. 13,000/- per bigha.

The land under acquisition have some pits from which earth has been extracted. So, I, therefore divide the land under acquisition into Blocks A & B. Block A consists of all level and even land and Block B consists of pits. Block A consist of land measuring 2301 Bigha 02 Biswa Block B consist of following Khasra numbers :-

<u>Kh. No.</u>	<u>Area</u> <u>Big - Bis</u>

From the above discussion regarding the prices prevailing in the adjoining Villages as well as situation and potentiality of the land under acquisition with the adjoining land, I am of the opinion that Rs. 13,000/- per bigha for Block A & Rs. 11,000/- per bigha for Block B is quite reasonable and fair market value of the land under acquisition and award the same accordingly.
