MARKET VALUE:-

The total area under acquisition is 4378 bighas 5 bis. Out of it 69 bighas 15 bis. are covered by Kachha rastas which are thorough fare and 58 bighas 4 bis. comes under Rafah-e-am vide notification No.F.3(30)/57-Rev dated 16.9.57. No compensation shall be assessed for the area. Besides an area of 3 bighas 6 bis. of Khara No.270/1 is under a drain and land on both sides of the drain was acquired through Award No.1446 for widening it. The question of assessing compensation for this land also does not arise. Therefore, the exact area for which compensation would have to be assessed comes to 4247 bighas. It consists of levelled agricultural land, low lying land, Bhattas Banjar qadim and Gair Mumkin. For assessing the market value it is necessary to divide the land into four blocks. Considering its nature and quality land near the abadi with comparatively higher building potentiality would come in Block A while all levelled agricultural land can be placed in Block B. The low lying land near the Najafgarh drain would have to be put in a separate block which may be called Block C. The remaining bhatta, Banjar and Gair Mumkin land which is decidedly inferior to all other land and a good amount of money would have to be spent on it to make it useable can be placed in Block D. On this basis these blocks would consist of the following Khara Nos.

Block A

95/2, 96/2 min, 98 to 101, 126 to 129, 380/130, 131, 132, 384/161, 135/161, 162 to 165, 169 to 171, 172/2, 173/2, 272/2, 273/2.

5. 220/1	<u>11-16</u>	19.2.63	<u>Rs.3500-00</u>	Rs.297-45
Total	<u>56-00</u>		<u>Rs.13840-00</u>	

Average per bigha Rs. ~~323~~ 86.

The above table would show that the pprice per bigha of land has not exceeded Rs.321/-. This price was obtained for the sale of 12 bighas 5 bis. in August 1962. The price came down later and in February 1963, 11 bigha 16 bis of land was sold for Rs.3500/- or Rs.296-455per bigh. *The market price of these* sale transactions is pretty low. And the other data available for determining the price can be the rate allowed in earlier awards for the land acquired in this village.

The awards are as under:-

S.No.	Award No.	Date of notification	Nature of soil	Rate awarded per big.
1.	1065	14.6.60	Chahi	Rs.600/-
2.	1097	20.6.60	Sailab	Rs.470/-
			Rosli	Rs.235/-
3.	1132	19.1.61	Sailab	Rs.470/-
4.	1446	22.6.62	Chahi & Nehari	Rs.1000/-
			Sailab	Rs.600/-
			Rosli	Rs.500/-

*Compound Award No 2202*

Contd.....67/-

From the above statement it would be seen that the market value allowed has ranged between Rs.235/- to Rs.1000/- per bigha according to the kind of soil. In the first three awards no reference U/s 18 have been filed while in the 4th two references are pending decision with the A.D.J. Notwithstanding the low price got as a result of private sale transactions we can not ignore the rates allowed in these awards and the most relevant of these is award No.1446 in which Ghahi and Nehri land was assessed at Rs.1000/-, Sailab at Rs.600/- and Rosli at Rs.500/- per bigha. The date of notification U/s 4 in this case was 22.6.62 or 9 months earlier to the date of notification of the present scheme. A suitable allowance will have to be given for this. Considering the various factors I feel that the market value for the four blocks in this case should be as under:-

A Block Rs.1200/-per bigha kham.  
B Block Rs.1100/-per bigha kham.  
C Block Rs. 800/-per bigha kham.  
D Block Rs. 600/-per bigha kham.  
I award the same.
