Before we embark on the question of the determination of the market value, it would be essential to have an idea of the general characteristic and the physical condition of the land under acquisition as at the date of the notification. The land under acquisition as at the date of notification was primarily used for purposes connected with agricultural. Although in the vicinity some colonies had started sprawling. The Khasra Girdawari of the relevant years shows that the land had certain brick kills meaning thereby that the land had become uneven due to excavation of earth. At present, however, most of these land is perfectly levelled up over which unauthorized constructions have come in. However, spot verifications reveals that certain lands are topographically uneven or unlevelled or that earth has been excavated resulting in the diminution of the value of the land. In view of this, all even land as at present will be classified in block 'A' and the rest of the land having Johar, or from which earth has been excavated shall be classified in block 'B' and would comprise Kh.Nos. as under:-

* MARKET VALUE:

In determining the market value of the land many factors, enter into reckoning for instance, size and shape of the land, its situation, the tenure, the uses to which it is put, the its potential value, and rise and fall of demand for the land. The best evidence available to prove what a willing purchaser would pay for the land under acquisition would be evidence of genuine sales affected about the time of notification either in respect of land under acquisition or a portion thereof, or the sales of the land precisely parallel in all circumstances to the land under acquisition. If the evidence of sales of similar land or the awards of the court in the locality with similar advantages are available, the market value can be fixed with reference to the prices mentioned in them.

In the present case, the claimants have demanded an exorbitant rate of compensation without corroborative evidence. A close scrutiny of the documentary evidence adduced by the claimants indicate that they have little bearing in the determination of the market value. Most of the sale deeds as cited by them cannot be referred to as a proper exemplar as they are far off from the material date. Only the sale deed cited at S.No.3, 15, 16 & 17 are relevant in so far as they are near to the material date. Sale deeds No. 16 & 17 as cited by the claimants have no relevancy as the land covered in the sale transaction are in small pieces apparently meant for residential sites and it is a well known proposition that such small pieces of land always find a ready market due to the high purchasing capacity of the public at large. In the sale transaction at S.No.3, the incidence of sale price comes to Rs.2666.66P and that in sale transaction at S.No.15 it comes to Rs.1500/-per bigha kham. But they are all pertinent to small pieces of land.

Before entering into the question of market value in right earnest, it would be necessary to have a glance at previous awards having the same material date.

S.N. Award No.	Date of notification.	Amount awarded by the L.A.C.
1. 1693	13.11.59	Block 'A' Rs.800/-per bigha. " 'B' Rs.450/- "
2. 2139	-do-	Rs.1050/-

Out of these two awards, award No.1693 is relevant firstly because some of the Kh.Nos. parts of which were acquired under award No.1693 are now being acquired under the present award and secondly that the land as acquired in award No.1693 lies in close contiguity to the land under acquisition. This award was challenged in the civil court through various reference petitions U/s 13 of the L.A.Act. Some of the judicial adjudication available are as under:-

L.A.Case No.	Amount awarded by the L.A.C.	Area in sq.yd.	Compensation awarded by the A.D.J.
111/67	Rs.800/-per bigha.	112	Rs.2250/-
112/67	-do-	150	-do-
87/67	-do-	490	-do-
616/68	Rs.450/-	Big.Bis. 9 - 14	Rs.600/-

The cases as decided by the Addl.District Judge viz 111/67, Janki Devi V/s U.O.I., L.A.Case No.112/67 Kishan Lal V/s U.O.I., 87/67 Kirpal Singh V/s U.O.I. have little bearing in the determination of the market value of the land under acquisition for the reasons that on the material date the land was mostly agricultural in character whereas the judgements referred to above pertain to small pieces of land meant for residential purposes which naturally fetch very high prices. In the absence of any direct and cogent evidence for the determination of the market value it would be proper to have glimpse of some of the awards in the adjoining village of Karkardooma. In award No.1304 of Karkardooma, the material date of which was 13.11.59 certain lands quite close to the land now under acquisition in village Khureji Khas were acquired and the L.A.C. awarded a rate of Rs.1000/-per bigha for land classified in block 'A', Rs.300/-for the land clas

in block 'B', Rs.600/- for the land classified in block 'C' and Rs.400/- for the land classified in block 'D'. According to the information available from the records of this office 96 reference petitions U/s 18 of the Land Acquisition Act were filed challenging the rates fixed in award No.1804, out of which 17 reference petitions have been dismissed and 28 reference petitions have been decided by the A.D.J. In some of the cases as decided by the A.D.J. the market value of the land classified in block 'A' was evaluated at Rs.2000/- per bigha. In a net-shell an enhancement by Rs.1000/- was made for land classified in block 'A', ~~and~~ by Rs.1200/- in case of land classified in block 'B' and by Rs.1400/- in case of land classified in block 'C'. Against this enhancement, the U.O.I. went in appeal and as such no finality can be attached to the value so fixed by the A.D.J. However, in subsequent reference petitions decided by the A.D.J. the market value of the land in village Karkardooma was considerably reduced from Rs.2000/- . In L.A. Case No.517/66, L.A. Case No.506/68 and in L.A. Case No.244/68 etc. the A.D.J. evaluated the land at a fixed rate of Rs.1100/- per bigha. This judgement of the A.D.J. is an excellent guide in assessing the market value of the land classified in block 'A', because of its close proximity to the land under acquisition and therefore, relying on this judgement I fix the market value of the land at the rate of Rs.1100/- per bigha kham. L.A. Case No. 616/68 directed against award No.1693 is also an excellent guide in evaluating the market value of the land as classified in block 'B'. The land in this case was classified by the L.A.C. in block 'B' and the A.D.J. after taking into consideration the circumstances of the case evaluated the market value of the land comprising uneven land and pits at Rs.600/- per bigha. The Union of India has accepted the decision of the Addl. District Judge and has not gone in appeal. It is a common knowledge that awards of the court are excellent guide in evaluating the market value of the land when the question of its determination in the determination in the neighbourhood is in issue. Relying therefore, on the judgement of the A.D.J. in L.A.C. I fix the market value of the land classified at the rate of Rs.600/- per bigha.

h. ~~classified block-151.~~

Part of village Khureji Khas is urbanized and the land under acquisition in the present award falls within the limits of urbanized boundary of the village. In accordance with the provisions of ~~the~~ section 23 of the Delhi Land Reforms (Amendment) Act, 1963, the lands falling within the urbanized limits shall vest in the Central Govt. It would thus appear that all the land recorded in the name of the erst-while Gaon Sabha in the revenue record is now the property of the Central Govt. Therefore, where the Govt. owns and is in undisputed possession of the interest in land, the question of acquisition shall not arise, for, there would be no occasion for proceedings under this act, when the land is required for the purpose of a Deptt. But in the case of any land in which Govt. have an admitted interest or wherein that interest is a matter of dispute between the claimants interested in the property and the Govt., it is open to the Govt. to acquire the property under the act. Killa No. 19/1/2 of Rect.No.15(0 - 15), 28/1/M of Rect.No.16(7 - 00), 29 of rect.No.26(4 - 2), 20/2 of Rect.No.31(1 - 00), 2 of Rect. No.37(1 - 14), 9 (1 - 6) & 10(5 - 11) of Rect.No.49., 9(2 - 19) & 15(3 - 14) of Rect.No.50 total area measuring 28 bighas 1 biswa is the property of the Central Govt. in which the present occupants of the land have claimed interest. Most of them are recorded as in possession in the Khasra Girdawari. In Govt. of Bombay V/s Eusuf Ali Salebi(34) Bombay 618, it was held that in a case where the Govt. claims ownership of land, the Collector has jurisdiction to go into and determine the question of title for the purpose of enquiry before him and that the Act applies to land of which the Govt. are or claim to own. Thus the entire area measuring 28 bighas 1 biswa acquired since the claimants have challenged the right of the Govt. over the land.

The owners of these structures have claimed compensation for these structures though no evidence regarding the date when they have put up, has been adduced. Their contention find support from Khasra Girdwari and are entitled to market value for these structures.

WELLS:

There are a number of wells on the land under acquisition. One well in Killa No. 28/1 of Rect. No. 16, second well in the same Killa of the same Rect., third well in Killa No. 9/1 of Rect. No. 35 have been constructed after the date of the notification as there is no entry in the record to support the contention that they were constructed before the notification. Since all these improvements were made after the issue of the preliminary notification the owners are not entitled to any compensation as provided U/s 24 of clause secondly. Further two wells in Killa No. 12 of Rect. No. 45 and Killa No. 3 of Rect. No. 30 have been shown in Khasra Girdawari. But at the spot these wells have been filled up and they no longer bear the character of wells. As such no compensation is payable for these wells. There now remain 7 wells which have been inspected by the Naib-Tehsildar and valuation reports prepared by him. I agree with the valuation made by him and award the following amount as under:-
