MARKET VALUE:-

While determining the market value of land as on 7-8-2000 i.e. the date of notification under section 4 of the Land Acquisition Act, several factors such as location of the land, nature of soil, awards announced in the recent past of the same or adjoining villages, pronouncement of different courts, claims filled by the interested persons, sale deed and price policy of the Govt. regarding acquisition of agricultural land are to be taken into consideration.

The land under acquisition is agricultural land and is being used for agriculture. However the same land located on the boundry of Village Bawana, there are "GADHAS" upto 3 feet from which earth has been taken out for making bricks. Hence, for the purpose of assessing the market value, land can fairly be divided into blocks. One block will consist of level land under cultivation total measuring 795 bighas 11 biswas categorised as Block 'A' and second block will consist of "GADHAS & BHATTAS" measuring 313 bighas 19 biswas categorised as block 'B'.

The interested persons have generally claimed exorbitant prices of their land by making claims from about Rs. 48 lakhs per acre to Rs. 5 crore per acre. They have, however, not filed any documentary evidence in support of their claims. The claims, therefore, can not form the basis of determination of market value. However Sh. Prem Singh S/o Sh. Chander Bhan claimant No.97 has submitted sale deeds of village Mamurpur & Satbari Village reg.No.3498 dt. 1-4-2000 & 498 dt. 24-7-99.

In a policy announcement which came into effect from the financial year 1999-2000 & 2000-2001 i.e. 1-4-99 & 1-4-2000 the Govt. of National Capital Territory of Delhi fixed the indicative prices of agricultural land @ 12.16 & 13.82 lakh per acre for the acquisition of agricultural land vide their order No. F9(20)/80/L&B/LA/8490 dated 11-9-01 which are applicable w.e.f. 1-4-99 and 1-4-2000 respectively.
