

AWARD NO. 82/72-73

VILLAGE:

BHARTAL

NATURE OF ACQUISITION: PERMANENT

PURPOSE OF ACQUISITION: DEVELOPMENT OF PALAM AIRPORT.

..

These are proceedings u/s 11 Land Acquisition Act, 1894 for determination of compensation in respect of land measuring 766 big. 14 bis. situated in village Bhartal. The land forms part of notification u/s 4 L.A. Act issued by the Delhi Admn. for an area measuring 817 big. 1 bis., vide No. F15(38)/64-L&H dt. 3.12.71. The land is required by the Government at the public expense for a public purpose namely Development of Palam Airport. A declaration u/s 6 of the Act was issued vide No. F15(38)/64-L&H(i) dt. 17.5.72.

Notices u/s 9 & 10 of the Act were issued to the persons interested in the land. Claims filed in response to the notices will be discussed under the heading 'Claims & Evidence.'

Measurement & Correct Area.

As per requirement of the deptt., an area measuring 794 big. 15 bis. was asked for according to the demarcation but on issue of the notices u/s 9 & 10 the lessees of the land in Kh.No.406 lying on the north of railway line, have made an application u/s 49 L.A. Act which is pending consideration of the Delhi Admn. Accordingly an area measuring 28 big. 1 bis. situated on north of railway line including the land of the lessees has been left out of the award for the present. Further proceedings would be taken later on.

The land acquisition field staff carried out measurement of the land under acquisition on the spot and the area was found correct as 766 big. 14 bis.

MARKET VALUE:

The date of preliminary notification in the present case is 3.12.71 and as such the market value is to be determined as prevailing during that period.

The claimants have demanded very high rate of compensation, but only a few have come up with evidence, the details of which are as below:-

1. Copy of sale deed dt. 30.1.70 in r/o Kh. No. 275 - area 310 sq.yd. - sold for a sum of Rs. 4330/-.
2. Copy of sale deed dt. 18.4.69 in r/o Kh. No. 499 - area 1 big. 2 bis. - sold for a sum of Rs. 10500/-.

.....13/-

3. Copy of sale deed dt. 23.3.71 in r/o Kh. No. 206 - area 7 bis. - sold for a sum of Rs. 5000/-.

The above transactions at Sr. Nos. 1 & 3 relate to very small pieces of land measuring 6 bis. & 7 bis. respectively and moreover the land involved in these transactions is adjoining to village Abadi. It is a matter of common knowledge that the small pieces of land in the periphery of the village 'Abadi' provide an ideal site for 'Gitwar' or for home-steads for the expending population which naturally explains for the high prices paid in such transactions. It, therefore transpires that by no stretch of imagination, such sale can compare with the land under acquisition which falls within the ambit of Delhi Land Reforms Act, 1954 under which it cannot be put to any use, except for purposes connected with agricultural.

The same deed at Sr. No. 2 has also no relevancy as the entire consideration money was paid in advance and nothing has paid before the Sub-Registrar. In this case an area measuring 1 big. 2 bis. was sold for a sum of Rs. 10500/- . As the entire sale price was not paid before the Sub-Registrar, it cannot be said with certainty as to what price the property fetched in the Sale Transaction.

Before we embark upon the sale transactions finding place in the revenue record of this village, it would be appropriate to also ^{look} into the awards relating to acquisition of land in the village, that have made in the recent past. Only one award No. 1772 relating to date of notification u/s 4 L.A. Act as 21.5.64 came to notice. In this award the market value was assessed at Rs. 1000/- per big. The award can be of no help in the present case as the date of preliminary notifi-

.....14/-

[Handwritten signature]

cation in the said award is anterior by about 8 years.

The field staff consulted the record of right; and the following sales were found recorded during the year 1969 & 71. No sale was found recorded in the year 1970. The details of the sales found out are as below:-

No.	S.No. in Date of Register Regn.	Kh.No.	Area trans-ferred	Total amount	Average per bigha.
222	18.4.69	499min	1-02	10500/-	9545-45
338	30.3.71	590/354	0-18	12000/-	13333-33
154	24.3.71	111	0-09	1500/-	3333-33
181	25.3.71	206min	0-10	6000/-	12000-00
179	"	"	0-05	5000/-	14285-71
180	"	"	0-03	2500/-	16666-66
178	26.3.71	208min	0-06	4600/-	15333-33

A detailed ^{scrutiny} ~~summary~~ of the above sale transaction reveals that the sale transaction at S.No. 1 hardly affords any guidance in the evaluation of the land since the entire sale price was paid in advance and ^{no} cash was paid before the Sub-Registrar at the time of Registration. In such transactions it is very difficult to ascertain the real price ^{for the} of land; that being so the sale transaction has to be discarded. In the transaction at Sl.No. 3 the price of land also included the cost of the tube-well and therefore it is not possible to ascertain the price of the land without diducting the cost of the tube-well; this transaction therefore also does not reflect the market value of the land. Further the sale transaction cited at S.No. 2 and 4 to 7 pertain to small pieces of land which by inlarge lie on the outskirts of the village-Abadi and cannot be a source of guidance for the reasons discuss^d at page 13 ante.

...15/-

From the above discussions it is crystal clear that there are hardly any sale transaction in the village which should serve as proper exemplar for the assesment of the market value. It has been held that the price paid within a reasonable time for the land adjacent to the land acquired and possessing similar advantages is a correct method of valuation or, in other words ~~bonafide~~ bonafide transaction of purchase of land adjacent to the land acquired and possessing similar advantages provide an alternative means of estimating the market value. Adjoined to this village is Bijwasan from where relevant sale transaction can be referred to in determination of the market value of the land under acquisition. The following sales transaction were found in the record-of-rights nearest to the material date.

S.No.	S.No. in Register	Date of Regn.	Kh.No.	Area trans-ferred	Total amount	Average per Bigha.

Out of the above sales, it is seen that the land involved in the transactions at Sr. No. 3,4,6 to 10 is located at a considerable distance from the land under acquisition. Moreover the land involved in the transactions at Sr.No. 4 & 6 is a scattered, which naturally explains the low price the land fetched in the open market.

The land in transaction at S.No. 9 & 10 cannot compare with the land in question as the land in both these cases enjoys very favourable location - abutting on the main Delhi Bijwasan Road. Further in transaction at S.No. 10, the consideration money includes the cost of development of the various items like tube-wells, structures, passages, drains, and sewer etc.

The transaction at S.No. 5 also includes the price of appurtenances to the land as such the exact cost paid for the land, cannot be worked out.

The transactions at S.Nos. 1 & 2 relate to land in respect of Kh. No. 144 min and the bargain for the area 19 Big. 9 Bis. was struck on the same day. The total consideration in these transactions sums up to 46,680/- making an average of Rs. 2400/- p.b. The land in these two transactions is at a reasonable distance from the land under acquisition and can be relied upon in assessing the value of the land since land in both the cases are akin and has similar agricultural potentiality. I am therefore of the opinion that these two sale transactions are the best guide in determining the market value in the present case; as such relying on these sales, I consider that the fair market value for the land be assessed at a rate of Rs. 2400/- per bigha, and award the same accordingly.

Some land in the instant case has a higher potentiality than the rest of the land because of its abutment on the public paths of the village. This land has access to two different public paths and as such it is entitled to a higher rate of compensation. This land comprises of Khasra Numbers 514/1, 567/515, 568/515, 544/1 & 547/1 total measuring 87 bighas 3 biswas and for the reasons stated above their market value is assessed at Rs. 3,000/- per bigha.

Land measuring 292-06 in Kh. No. 549/1 is recorded as 'Charagah' and is not presently fit for cultivation being in the shape of Banjar-Jadid. I, therefore, consider that a rate of Rs. 1,000/- per bigha. would be the fair market value for this land which I award accordingly.

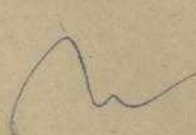

An area measuring 9 bighas 11 biswas comprising khasra number 548/1, 513/1 and 513/3 is recorded as 'G.M.Rasta'. This land is dedicated to public use and, therefore, no compensation is assessed, for the same.

Kh. No. 549/1 in the ownership of Gaon Sabha, is recorded as 'Chiragah' in which there are innumerable Shrubs which have come up in the natural course and no compensation is assessed for the same. The owners are at liberty to remove the same within fifteen days from the date of announcement of the award.

SOLATIUM: 15% solatium is payable over and above the market value of the land.

DAMAGES U/s 23 CLAUSE THIRDLY:

The claimants Sh. Vijay Kumar Kapoor etc. have claimed damages on account of severance for acquisition of part of their land. Obviously, the claim falls within section 23 clause thirdly. This clause relates to the damages (if any) sustained by the person interested at the time of collector taking possession of the land by reason of severing such land from his other land. When part of owner's land is taken, he may suffer damage in consequence of the injuries thereby caused to his remaining land. In the instant case 45 bigha 1 biswa of land is recorded in the name of claimants & out of which major portion of land covering an area of 43 bigha 19 biswas is being acquired

through the present proceedings, leaving the owners with a small area of 1 big. 2 bis. which naturally be of no profitable use to the owners. Since the severance has resulted in the diminution of the value of the rest of land, I am inclined to award 10% as damages on the total value of the remaining land measuring 1 big. 2bis. Accordingly a sum of Rs. 330/- is awarded as damages due to severance.

LAND REVENUE DEDUCTION:- The land under acquisition is assessed at Rs. 180-33 as land revenue which will be deducted from the Khalsa Rent bill of the village from the date of taking over possession of the acquired land.

The aforesaid land will vest absolutely in the government free from all encumbrances.

REPORTIONMENT:- The compensation will be paid on the basis of the latest entries in the revenue record except in the cases where other than the recorded owner have claimed compensation.

SUMMARY OF THE AWARD:- The summary of the award is as follows:-
