A declaration under section 6 of the Land Acquisition Act, 1894 was made vide notification No.F.15(31)/64-LSG dated 14.5.1964. Considering the emergent nature of acquisition, an order No.F.15(31)/64-LSG dated 14.5.1964 was also published in the Government Gazette for taking possession of the land under acquisition as required under section 17(1) of the Land Acquisition Act, 1894. Almost all the interested persons have responded to the notices.

'MEASUREMENT AND OWNERSHIP':

According to the notification under section 6, the total area to be acquired was 6 bighas and 14 biswas. But on the verification at the site, the actual area under acquisition comes to 6 bighas and 13 biswas. The difference of one biswas is negligible. Hence I hold the area under acquisition to be true at 6 bighas and 13 biswas. The Land Reforms Act has been made applicable to this village and bhoomidari has been declared accordingly. 'CLAIMS AND EVIDENCE.'

The claims made by various persons have already been discussed under the head 'Measurement and Ownership'. In support of their bhoodan claims, the have produced the following evidences.

The land under acquisition comprises according to this registered sale deed is 10 bighas and 14 bis. comprising khasra No. 1126 which was sold for a sum of Rs. 10700/- yielding an average of Rs. 1000/- per bigha.

- (3) One Jamabandi sheet of 1947-1948 on which the entries regarding the following mutations have been taken.

Mutation No.	Date of Mutation	Area	Name of the vendor.	Average vendee.	Total sale price.
--------------	------------------	------	---------------------	-----------------	-------------------

2095	1-2-1964	1 - 03	Malkhan Jandu	Rs.1375/-	Rs.1200/-
2096	1-2-1964	1 - 00	" "	Rs.1000/-	Rs.1000/-

The above said sale transactions have taken place in the old abadi of village Burari, which is towards Delhi side, Joginder Park.

The land under acquisition is situated in the new abadi of Jagatpur Colony (Burari) and near the bank of Jammuna where development for the purpose of residence and colonization is not possible. Hence the rates of land involved in the above said transactions cannot be the true indication of the Market value for the land under acquisition.

'MARKET VALUE'

The land under acquisition is situated in the New abadi of Jagatpur colony, near the bank of Jammuna, which can only be used for agricultural purposes. The Field Staff has collected the following extract of sale transactions for the period of last 5 years before the date of notification under section 4 i.e. from 16.4.59 to 17.4.1964.

Name of the year.	Area	Total sale price.	Average per bigha.
1959-60	7 - 04	Rs.1700/-	Rs.236/-
1960-61	47 - 19	Rs.17698/-	Rs.354/-
1961-62	38 - 08	Rs.10,050/-	Rs.265/-
1962-63	178 - 15	Rs.1,14,366.79/-	Rs.639/- (Residential plots are also included)
1963-64	--	--	--
	272 - 06	Rs.1,43,814.79	Rs.528/-

In addition to the above sale transactions, two more transactions have taken place. The land involved in these transactions is quite adjacent to the land under acquisition.

Mutation No.	Date of registration.	Khasra No.	Area	Total sale	Average per
--------------	-----------------------	------------	------	------------	-------------

1	2	3	4	5	6
2015	22.4.1960	2139/2000 & 2140/2000	18 - 03	Rs. 3000/-	Rs. 167/-

This area is included in the scheme itself.

In addition to the above sale instances, a number of other sale instances have also taken place between the years 1959 to 1962. These sale instances are involved in mutations No. 2006, 2029, 2054, 2094, 2060, 2088, 2097, 2117, 2138 & 2190 comprising the total area of 129 bighas and 14 biswas, sold for a sum of Rs. 32,500/- yielding an average of Rs. 250/- per bigha. Out of the above said transactions, the last transaction which took place on 11.10.1962 bearing khasra no. 1417, measuring an area of 10 bighas and 2 biswas sold for a sum of Rs. 3000/- (Mutation No. 2117) yielding an average of Rs. 300/- per bigha. As stated above the average value of mutation No. 2015 comes to Rs. 167/- per bigha. The land involved in this mutation comes in the scheme itself. This mutation pertains to the year 1960. But the market value of the land has no doubt been increasing year by year. The average of the above transactions as worked out is Rs. 250/- per bigha. As stated above the last transaction pertains to the year 1962. As such these factors have to be considered for arriving at the market value of the land under acquisition. In view of these facts and considering the present trend of the prices of the land I consider a rate of Rs. 300/- per bigha to be reasonable value of the land under acquisition and award accordingly, although the land under acquisition is somewhat inferior to the land involved in the last transaction of 1962.

There is neither any structure nor any tree on the land under acquisition.

APPORTIONMENT:
