Market Value:

The market value of the land under acquisition has to be determined with reference to the price prevailing as at the date of the notification u/s 4. The value to be ascertained is the price to be paid for the land with all its potentialities by a willing buyer to a willing seller.

There are no sale transactions in the village from the year 1967. Parties interested have not filed any exemplar for evaluating the market value of the land under acquisition. However, two awards have been made in the village: 2029 & 2066.

In both the awards, the Land Acquisition Collector has awarded a flat rate of Rs.500/- per bigha kham. In reference u/s 18 relating to award No.2066, the A.D.J. has allowed Rs.800/- per bigha kham in LA Case No.777/69 Risal Singh & others Vs. Union of India. References arising out of award No.2097 are still pending decision. The judicial judgments are the best evidence for determining market value. The date of notification u/s 4 of award No.2066 is 29.8.66 and that of the scheme for which the land under acquisition is being acquired is 19.2.71; the interval between the two is 5 years. A marginal increase will be as such allowed. That marginal increase will be 6% interest on Rs.800/- for 5 years. In the result, the market value is Rs.1050/- which is the round figure and I award the same.

Interest:

The possession of the land under acquisition has not yet been taken and handed over. The owners are not, therefore, entitled ^{to} ~~in~~ interest at the rate of 6% from the date of possession to the date of tender of payment.
