MARKET VALUE

The market value of the land under acquisition in village Gokalpur on the date of notification u/s 4 i.e. 22.7.77 is to be determined taking into accounts the situations, quality of the land and future potentialities and other uses. The land to be acquired is agricultural land. The following

48 483

awards were announced in village Gokalpur and details of awards are as follows:-

S.No.	Award No.	Notification u/s 4	Rate of L.A.C.
1.	1188	F.15(118)/61-LSG dt.16.3.61	Rs. 900/- , Block A Rs. 370/- B
2.	2004	F.15(245)/60-LSG/L&H dt.24.10.61	Rs.1800/- I Rs. 900/- II Rs. 700/- III Rs. 450/- IV
3.	14/72-73	F.4(147)/65-L&H Dt.6.3.66	Rs.1100/- A Rs. 800/- B Rs. 400/- C
4.	1/76-77	F.7(77)/73-L&B(1) dt.18.3.74.	Rs.4600/-

The awards placed at serial No.1 to 3 are of no use since the date of notification u/s 4 is very very long back to the present notification for the land under acquisition. The award No.1/76-77 placed serially at 4 whose date of notification u/s 4 is 18.3.74 is worthwhile to discuss in this connection. The land covered under the award No.1/76-77 is close to the land under present acquisition. But the basis taken in this award is the mutation No.458 ~~dated 458~~ dated 28.5.74 of village Ziauddinpur in which the average value of the land is Rs.4600/- per bigha. From the scrutiny of the sales transactions it is found that in the year 1974 there are two transactions in the village Gokalpur which might have not come to the notice of the then L.A.C.(MSW). The details of the transactions are as follows

No.	Registry No.	Date of registration	Name of the Party	Area included	Amount	Rate per bigha
607		25.3.74	Asa Ram Vs. Babu Ram	(10-04)	67,92,211 Rs.28000/- Rs.2745.10	
795		20.4.74	Mukand Lal Vs. Khubi Ram	289/2, 290/2 (1-12)	Rs.5000/- Rs.3125/-	

The sales serially placed at 2 pertains to 1 bigha 12 biswas and having kh.no.289/2 and 290/2 is far away from the

-6-

land under present acquisition. So also it pertains to a small area measuring 1 bigha 12 biswas and hence does not give a clear picture of the market value of the agricultural land, in the village in 1974. In the sales transaction placed at S.N. 1 pertains to 10 bighas 4 biswas having Kh.No.67,92,211. The Total consideration in this case is Rs.28000/- . So the average rate comes to Rs.2745.10. The Kh.Nos.67,92,xxx 211 are very close to the land under present acquisition and this sales transaction clearly shows that market value of the land in the year 1974. The award No.1/76-77 omits the transaction in the same village in the year 1974. So I consider the inapplicability of this award to assess the market value in the year 1974. No other transactions are observed during the year 1974 to 1977. Considering the appreciation in the value of the land during the period 1974 to 1977 I give increment by 20% of the value of the land in 1974. So I assess the market value of the land under present acquisition to be Rs.3300/- per bigha being fair and reasonable and hence I award the same.

COMPENSATION OF STRUCTURES TREES ETC.

There are no trees and structures etc. on the land. So no compensation is assessed on this account.

DAMAGE CHARGE

There are standing crops of wheat etc. on the land in time of taking possession i.e. 17.2.78. The land measuring 41bighas under standing crops is listed as Annexure 'A'. Considering the investment of the farmers in the land average per bigha which is calculated as follows:-

5 to 6 kilo wheat seeds	price Rs.10/-
Fertilizers 10 kg.	Rs.20/-
Ploughing by 8 times by tractor	Rs.40/-
Watering average 3 times per bigha	Rs.30/-
Total	Rs.100/-

So there is investment of Rs.100/- on an average per bigha. So I consider to give this value as compensation for the standing crops and hence I award the same.
