The difference between the area actually being acquired and that notified under-section 6 of the Land Acquisition Act(I),1894, is 22 bighas 2 biswas. This is due to the fact that field numbers 28/5, 28/7, 28/8, 29/1, 29/2, 29/3, 29/4, 29/5, 30/1, 30/2, 30/3/1, 30/3/2, 30/4, and 39 which have been notified under-section 6 of the Land Acquisition Act have not been correctly notified. Part of these field numbers total measuring 21 bighas 14 biswas were acquired under award No.1084 and this area has now been deducted from the parent field numbers. The correct area of these field numbers is as given in the list above of the field numbers that are being acquired. The difference of remaining 8 biswas is due to sub-division of certain field numbers and actual measurement. This is negligible and unavoidable.

MARKET VALUE:

We have to find out the market value as prevailing on the date of Notification under-section 4 namely, 13-11-1959. No reliable sale is available in this village during the five years preceding the date of Notification under-section 4. However, only three sales are registered in the mutation-register and these are detailed below:-

Sl.NO.	Year	Area sold Big.Bis.	Consideration money.	Average bigha.
1.	1954-55.	x	x	x
2.	1955-56.	x	x	x
3.	1956-57.	x	x	x
4.	1957-58.	31 - 00	Rs.13,820/-	Rs.445.81
5.	1958-59.	34 - 14.	Rs.10,000/-	Rs.288.18

contd.....23.

As already stated during the five years preceding the date of Notification only three sales are found in the mutation-register as detailed below:-

Sl.NO.	Mutation No.	Date of regn.	Area sold Big.Bis.	Consideration money.	Average
1.	236	15-11-1957	16 - 06	Rs.5000/-	
2.	340	27-3-1958	14 - 14	Rs.8320/-	
3.	342	26-6-1959.	34 - 14	Rs.10000/-	

In mutation Number 336 Mst.Ishaq Begum is the vendor and Imdad Ali son of Aulad Ali is the vendee. In mutation 340 and 342 Mst.Rashida Begum widow of Ashrat Ali is the vendor. It appears the last two sales were made under pressure of poverty, while the sale by mutation number 336 is in favour of some relations and the consideration money is not correct. Thus all the three sales do not appear genuine sales.

However, M/S. D.L.F. Housing and Construction Private Limited have produced a certified copy of sale-deed to show that they had purchased a portion of the land under-acquisition which is adjoining Delhi-Rohtak Road at the rate of Rs.1400/-per bigha kham on 24-8-1951. This land is now being acquired under this award. Hence this instance is a good guide to assess the market value of the land which is adjoining Delhi-Rohtak Road. I have inspected the land under acquisition very minutely. It is in the shape of a huge block touching Delhi-Rohtak Road from infront of Multan Nagar colony which is on the 7th mile from Delhi. The land then goes towards south from Delhi-Roht Road and is around the village abadi' also. The land adjoining and very close to Delhi Rohtak Road has additional potential value also due to its situation. It is close to Multan Nagar colony and also close to Central Ordnance Depot Shakur Basti, Delhi. It is classified as Block 'A'.

contd.....24.

In a block of land under acquisition which is mostly in the south of the village abadi' good crops were found standing which show that the land is fertile for agricultural purposes also besides having some potential value. This needs to be classified into a separate block 'B'. From a major portion of the land under acquisition about 3 feet to 5 feet deep earth has been removed from making bricks and the owners have derived additional benefit by selling the earth, thus rendering the land inferior for all purposes. There is yet a block in the farthest south which is adjoining Najafgarh Drain and it generally remains submerged during the rainy season. It is also inferior land for all purposes and I equate it to the land from which earth has been removed and I put these two kinds of land into a separate Block 'C'. Block 'C' will also include inferior type of waste land which has not been put to any use since long.

On the basis of discussion given above, I classify the land under acquisition into three blocks as follows:-

BLOCK 'A':
