CLAIMS & EVIDENCE

No person has filed any claim for compensation or evidence till in response to the notices u/s 9 & 10 of the Land Acquisition Act.

MARKET VALUE

The market value of the land is to be determined with reference to the date of preliminary notification u/s 4 of the Land Acquisition Act with all its advantages and with all its potentialities. The best evidence available to arrive at the correct market value of land would be the evidence of genuine sale transactions effected at the time of notification either in respect of land under acquisition or a portion thereof or sales of land precisely parallel in all circumstances to the land under acquisition. The awards of the village and the judgment of the courts of Addl. Distt. Judges, in references under section 18 of the Land Acquisition Act can also offer useful guidance in arriving at the market value of the land under acquisition.

In this village land has been acquired through award No. 1084, 1448, 1577 & 1688. The date of notification u/s 4 of these awards is 20.6.60, 10.11.60, 13.11.59 & 12.11.59 respectively.

Out of the above awards, award No.1577 & 1688 of village Jawala Heri relate to the same date of notification under the

Land Acquisition Act i.e. 13.11.59 which is the date also in the instant award. These awards on the reference u/s 18 decided by the court of Adol.Distt.Judge can provide useful guidance in assessing the market value of the land under acquisition. In award No. 1577 the Land Acquisition Collector determined the value of the land at Rs.300/- per bigha kham for the Nehri land, Rs.400/- per bigha kham for the Gair Mumkin land. In award No. 1688, the Land Acquisition Collector classified the land into three blocks 'A', 'B' & 'C' and awarded Rs.1600/- per bigha kham for land falling in block 'A' and Rs.1400/- per bigha falling in block 'B' and Rs.1000/- per bigha kham falling in block 'C'. In reference u/s 18 of the Land Acquisition Act against award No. 1688, the court of Adol.Distt.Judge has enhanced the compensation of Block 'A' land from Rs.1600/- to Rs.4250/- per bigha kham and Block 'B' land from Rs.1400/- to Rs.3000/- per bigha kham and Block 'C' land from Rs.1000/- to Rs.2150/- per bigha kham (LAC No. 365/66 Kishan Chand Vs. UOI decided on 13.10.77). The UCI has filed an appeal against the judgment of learned ADJ for an amount over and above of Rs.3500/-, 2400/- and Rs.1550/- for land falling in Block A,B & C respectively.

The land under acquisition is similar to the land categorised in block 'C' and is quite touching the land which was acquired in award No.1688 of this very village. Following the criterion given in award No.1688, ~~xxxxxx~~ which appears to be reasonable, I also categorise the entire land under present acquisition similar to the land falling in Block 'C'. Thus considering the date of notification u/s 4 of the Land acquisition Act, kind and situation of the land being the same of block 'C' acquired in award No.1688, the judgment of the ADJ referred to above and the rate accepted by UOI by not filing an appeal against the above referred judgment of the Additional District Judge, I feel it will be fair and just if the market value of the land under acquisition is determined @ Rs.1550/- per bigha kham. I determine accordingly.

TREES, WELLS AND STRUCTURES:

There are no trees, wells and structures on the land under acquisition.

SOLATIUM

15% solatium is admissible on the amount of compensation as per land acquisition act.

INTEREST

The possession of the land under acquisition is not yet taken therefore the question of payment of interest u/s 34 of the Land Acquisition Act does not arise. However, interest u/s 4(3) of the Land Acquisition Act will be paid to the persons interested, as the date of notification u/s 4 is 13.11.1959 and u/s 6 in this case is 29.12.68.

APPORTIONMENT

The compensation will be paid on the basis of latest entries in the revenue record.

LAND REVENUE DEDUCTION

The land under acquisition is not assessed to any land revenue which was to be deducted from Rent Roll of the village.

The award is summarised as under.
