Market Value : Value

Market/ is to be assessed as on 13.11.59, the date of notification u/s 4 of the Land Acquisition Act. All the relevant provisions of the Act are to be kept in mind for arriving at the fair market value.

The land in question is situated in small pieces at different places around the village Abadi of Village Madipur. Actually this is the area remained unacquired earlier being built up. The land is quite level. The interested persons have failed to produce evidence regarding market price. Transactions available in the revenue record are not helpful as the transactions recorded pertain to very small pieces of land sold in the form of plots. The other relevant material helpful in assessing the market value are the previous awards and judicial judgments arising out of them. Ten number of awards have been made in this village but only two have the same material date i.e. Award No. 1691 & 1870. Another award No. 1182 with material date as 3.9.57 was also made. Against these awards number of judicial judgments are available but the most relevant one is against Award No. 1691 through which the adjoining land was acquired. In a Reference U/S 18 of the Act the awarded market value of Rs.2,000/-per bigha was enhanced to Rs.5,200/-per bigha in LAC No 139/69. The Union of India has not gone in appeal against this judgment and hence the price fixed by the learned ADJ have become final. Taking this judgment as basis I assess the market value of the land in question at Rs.5,200/-per bigha and award the same.
