MARKET VALUE

The market value is to be determined with reference to the price of the land prevailing at the time of notification u/s 4 of the L.A. Act. The transactions with regard to genuine sales having taken place near about the period of preliminary notification in respect of land similarly circumstanced as to the land under acquisition or the sale of a portion of land under acquisition could be the best evidence in arriving at the fair market value of the land.

Efforts were made by the Revenue field staff to find out relevant sales in this village nearest to the material date so as to evaluate the market value of the land. The following sale transactions nearest to the material date are recorded in the office of the Sub Registrar, New Delhi.

Date of sale Deed.	Kh. No. & Area	Consideration paid before the sub Registrar.	Average per big according to the price paid before Advance the SubRegistrar
18.2.64.	945/2(-0115)	Rs. 2000/-	Rs. 2500/- 2666.66

2.	21.5.64	1022/2(0-16)	Rs. 3000/-	-	375/-
3.	6.2.64	683,684/2(4-09)	Rs. 8000/-	1000/	1797.75
4.	18.2.64	206,213(0-12 $\frac{1}{2}$)	Rs. 2000/-	1500/-	3157.89

This village lies within the purview of the Delhi Land Reforms Act, 1954. According to Section 22 of the D.L.R. Act, a Bhumidar subject to provisions of this Act has the right to exclusive possession of the land comprised in his respective holdings and to use the land for any purpose connected with agriculture, horticulture or animal husbandary which includes pisciculture and poultry farming etc. Therefore in assessing the market value, its potentiality as an agricultural site can only be taken into consideration.

The sale deed referred to at S.No.1 & 4 cannot be taken into consideration as the vendees purchased small pieces of land measuring 0-15 biswas and 12 $\frac{1}{2}$ biswas respectively on cash consideration of Rs. 2000/- in each case and tendered payment before the Sub Registrar. It is an incontrovertible proposition that there is a large market for small piece of land and they always fetch a very high and exorbitant price, in the circumstances, therefore these sales cannot be a suitable example in evaluating the market value of the land under acquisition.

Similarly in sale transaction noted at S.No.2 an area of 0-1 $\frac{1}{2}$ biswas was sold at a throw away price of Rs. 375/- per bigha kham. In this particular transaction, the vendee purchased the share of the vendor in a joint khata and in all such transactions, the sale price is invariably low. Therefore this sale transaction also do not represent the true market value of the land.

Only the sale deed referred ^{at} S.No.3 is by far the best guide in evaluating the market price of the land where an area 4 bighas 9 biswas was purchased on a cash payment of Rs. 8000/- tendered before the Sub Registrar, New Delhi. This sale deed was executed

on 6.2.64 approximately ~~the material date~~ ^{and} the incidence of sale price being Rs.1797.75. On the basis of this sale transaction the L.A.C. had awarded Rs.1900/- per bigha kham for Gair Abpash land in Award No. 2182-B/Supplementary of this village. In award No.2182 the learned L.A.C. awarded Rs.600/- P.B. for G.M.Pahar. In award No.2182C supplementary also Rs.1900/-P.B. was awarded by the L.A.C. The details of these award are however given below:-

Sr. No.	Award No.	Date of Notification u/s 4.	Rate awarded by L.A.C.
1.	2182	23.1.65	Block G.M.Pahar Rs.600
2.	2182-B/Suppl	23.1.65	Rs.2850/-Block A Rs. 1900/-Block B Rs. 600/- Block C
3.	2182-C/Suppl.	23.1.65	Rs. 1900/- P.B. for land

The material date for above said awards and for land being acquired is the same i.e. 23.1.65. The land under acquisition forms part of land notified u/s 6 of the Act and a part of which was acquired ^{vide} therefore award No.2182, 2182B Supplementary and 2182 C Supplementary. In view of the fore-going circumstances I think that the award already announced ^{and} having the same date of notification, will offer ^{best} basis guidance in determining the market value of the land under acquisition. I therefore assess the market value of the land under acquisition as under:
Rs.1900/-P.B. for Block A and Rs.600/-P.B. for Block B.

It is however pertinent to point out that land placed in block A is of the same quality as had been placed in block B of award No.2182B supplementary and land placed in Block B is of the same quality which was acquired vide award No.2182

It has come to ^{my} notice that interested persons had filed appeals against the compensation awarded by the L.A.C. in the above mentioned awards. The court of A.D.J. had enhanced the amount of the land acquired ^{Under} by these award. However the U.O. has gone in appeal in the High Court of Delhi against the entire enhanced amount awarded by the court of A.D.J. Therefore no credence can be given to the decision of the court of A.D.J., so long as the appeal is pending in the High Court of Delhi regarding enhancement of compensation. As such I assess the compensation at the rates mentioned above.

OTHER COMPENSATION.

Well & Trees

There is no well or tree on the land under acquisition. Hence no compensation is assessed.

COMPENSATION FOR STRUCTURE.

There is one kotha in Kh. No.1271 measuring 0-6 biswas of land. Rs. 1000/- may be assessed for the said kotha.

SOLATIUM.

15% solatium will be paid on the market value of the land towards compulsory nature of acquisition.

LAND REVENUE

The land under acquisition is assessed Rs. 13-06 as land revenue which may be deducted from the Khalsa Rent Roll of the village w.e.f. the date of taking over possession of land.

APPORTIONMENT.

Payment will be made according to the latest entries in the revenue record, except in cases wherein persons other than owners are occupation or claimed compensation.
