acquired vide award No.41/71-72. Now the remaining land is to be acquired for a public purpose namely for Planned Development of Delhi.

The interested persons also responded in the same manner. Now, the proceedings u/s 21(2) of the consolidation Act, are over so we have converted these old Kh.Nos. into the new corresponding Kh.Nos. assigned after kilabandi. But the alignment of the land under acquisition remained the same.

The said award pertains to the same notification. The Deputy Legal Adviser gave the opinion that both the Kh.Nos. (old and new) should be mentioned at the time of the drawing of award. According to the revenue record at the time of notification u/s 4, the position of Kh.Nos. mentioned below was as under:-

EVIDENCE:

Claimant No.17 had produced a copy of sale-deed regarding the land of village Jhilmil Taharpur. But the land of present acquisition is far off away from the land of village Jhilmil Taharpur. Hence, the evidence produced by the claimant cannot be made relevant for arriving at the correct market value of the land under acquisition.

The claimant also produced the copy of the judgement dated 19.11.64. Nobat Vs. U.O.I decided by the Sh. D.R. Dhamija Adll. Dett. & Session Judge Delhi. In this judgement the Hon'ble ADJ enhanced the compensation of land of village Mandoli vide Award N., 1396 from Rs.2000-00P to Rs.4000/-per bighas

The rest of the claimants have not produced any evidence in support of their claims for compensation.

MARKET VALUE:

The land under acquisition is situated in Eastern Border of Delhi and Loni village U.P. Nand Nagri, DDA's Colony is quite adjacent. By the construction of Rd.No.63 the prospectus of the value of land will also certainly be increased. Before coming of the Nand Nagri, A DDA colony, the use of the land was purely agriculture. But after that the land has gained potential value of building purpose. The land under acquisition stretches in form of sandwich between high way by-pass, in the South and village abadi in the North and proposed Jail in the East and boundary of village Saboli in the West. Mostly the land is irrigated, fertile and closed to the village abadi, and thus has potential value for building purposes.

Location of the land under present scheme is decided ly far better than the land which has already been acquired under the different awards, but covered by the same notification u/s 4. So to determine the fair market value of the land under acquisition following factors may be kept in mind i.e. transactions which took place within 5 years from the date of notification u/s 4 i.e. 6.3.65 and awards drawn for the acquisition and the compensation awarded and enhanced by the higher courts.

Since several awards have been drawn and enhanced by higher courts, so the help of transactions took place during the last 5 years from the date of notification u/s 4 i.e. 6.3.65 would not be very helpful arriving at fair and reasonable market value. Therefore, help in determining the fair and reasonable market value of the land could be guided from the awards announced, of the land involved in different awards. Detail is as under:-

4.	1956	F.15(245)/61-ISJ dt. 24.10.61	Rs. 1200/- 1500/- 4000/- 4200/-	-per bigha.
5.	61/80-31	F.4(14)/65-L&H dt. 6.3.65	Rs. 4000/- Rs. 3000/- Rs. 1500/-	No case regarding this award has been enhanced so far.

From the abovedata, it reveals that the land involved in award No.1396, 1375 and 1387 is far off from the land under acquisition, only the land covered in award<sup>n</sup> S.No. 4 & 5 is contiguous to the land under acquisition. The land has got the special attitute for building purposes besides its productitivity. So in my opinion it will be fair and reasonable to make a base of Rs. 4000/-per bigha as compensation except the land bearing Kh. Nos. 735/417 (2-17) and 152/2/307 (0-14) and 153/308 (1-16) is G.M. Rasta, and Johar. These three Kh.Nos. will be assessed on lower side i.e. Rs. 1500/-per bigha and thus I award accordingly.

OTHER COMPENSATION:

CROPS:

The N.T.(LA) has reported that there are wheat and onion crops standing on certain field Nos. The owners are allowed to remove the crops standing from their fields. No compensation has been assessed for the standing crops.

WELLS:

There is one well in Kh.No.418 which is in old condition. Rs. 2000/-compensation be assessed for the well. There is only boring fitted with engine. The owner is allowed to remove each of the engine with pumps and Rs. 200/-has been assessed for removal charges.

There is one tube well in Kh.No.317 fitted with an engine. No compensation have also been assessed for this tube well but an amount is Rs. 200/-is allowed as removal charges and the owner is allowed to remove the tube well and the engine.

There is also one tube well in Kh.No.344 fitted with an engine. No compensation has been assessed as the well exists after the notification u/s 4.

TREES:

There are some trees in the land under acquisition. The values of which have been assessed as under:-

Kh.No.	No. of trees & kind of trees.	Approx. weight in Qutls.	Value assessed.

Total:			Rs. 370/-
415	5-Kabili Kikar 4		Rs. 40/-
416	1-Neem		
406	1-Neem	30	Rs. 300/-
405	1-Neem		
397	1-Neem	10	Rs. 100/-
337			
388	1-Neem	40	Rs. 400/-
395			
389			
344	1-Neem	30	Rs. 300/-
317	1-Neem	25	Rs. 250/-
Total:			Rs. 1760/-

STRUCTURES:

There are 3 pacca kotha in Kh.no. 317 for which Rs. 300/- is assessed as compensation.

There are some unauthorised structures in Kh.no. 367-358-359-360-364-363-339-338-320-319 and 293. The list of structures as Annexure 'A' is enclosed in the award file. There is no entry of the above structures in the revenue record and as such it is presumed that these were constructed after the date of notification u/s 4 of L.A. Act. Hence no compensation has been

assessed for these structures and the owner are allowed to remove the malba.

In the land bearing Kh.No.128/1/287 measuring 4 bighas 4 biswas, there is a boundary wall surrounded by three sides, in which there is one old room and an old 'chuna Kilm'. The owner of this Kh.No. had produced the house tax receipt for the year 1963-64. The above said receipt reveals that the boundary wall is before the notification u/s 4 i.e. 6.3.65. So the above Kh.No.128/1/287 is also excluded from the present acquisition.

INTEREST:

As the possession of the land under acquisition has not been taken, therefore, the question of interest does not arise.

APPORTIONMENT:

S. Tej Pertap Singh has been shown in adverse possession on the land of gaon sabha. So the compensation will be kept as disputed unless both the parties establish their possession. In case of dispute the compensation will be referred to the court of ADJ u/s 30(31) of the L.A. Act for disbursement.
