MARKET VALUE:

The market value is to be determined as prevailing at the time of preliminary notification under Section-4 L.A.Act which in the present case is dated 24-10-1961.

The claimants here have demanded a high rate of compensation without adducing any evidence to substantiate their claims.

Before we embark upon the sale transactions in determining the market value, it would be helpful to also look into the Awards that have been made in this village. Only one Award No-60/72-73 came to notice. In this Award the date of notification under section 4, L.A.Act is 10.11.60 and the rate awarded was Rs.880/- per bigha.

The Award was based on the two sale transactions (Mutation Nos.614&615) struck on 5-8-59 for an area measuring 4big-19bis, for a consideration of Rs.4,000/-. The land involved in these transactions is situated in the close proximity to the land under

acquisition therefore the award could be a best guide in the instant case. However, there is a time gap of about one year in between the two material dates. It would therefore be fair to allow some margin for the period towards appreciation in the market value. I therefore consider a rate of Rs.930/- per bigha would be the fair market value in the present case which I award accordingly.

OTHER COMPENSATION

WELLS & STRUCTURES

There is no well or structure on the land under acquisition.

TREES

There are seventy guava trees falling within the present acquisition. There is no entry with regard to their existence in Kh.Girdavari for the year 1960-61 as relevant to the material date in the present case. It is, therefore, presumed that these trees came up after the date of notification u/s 4 L.A.ACT and as such the owners are entitled to only damages U/s 23(I) clause secondly read with Section 24, Clause Seventhly. I, therefore, allow a sum of Rs.15/- per tree as damages. The total amount on this behalf works out to Rs.1050/- which is awarded accordingly

SOLATIUM

15% solatium will be paid on the market value of the land towards compulsory nature of acquisition.

INTEREST

The date of notification U/s 4 L.A.Act in the present case is 24.10.'61 and the date of declaration U/s 6 of the Act is 4-10-'68. The case therefore falls within the purview of Land Acquisition (Amendment & Validation) Act, 1967. Interest would therefore be payable @ 6% per annum only on the market value of

the land from the date on expiry of three years from the date of preliminary notification - which in the present case comes to 25-10-'64, till the date of announcement of Award, which is tentatively fixed as 22-6-'73.

LAND REVENUE;

The land under acquisition is assessed to Rs-0-26 paisa as land revenue, which would be deducted from the Khalsa Rent Roll from the date of possession.

APPORTIONMENT:

Compensation will be paid according to the latest entries in the revenue record except where persons other than owners are in occupation of the land or where persons other than owners claim compensation.
