MARKET VALUE

The area to be acquired as given in the declaration under section 6 of the LA Act. 1894 is 1954-16 and under present award is 1950-04. The detail of the land excluded from the award as already been given by the Tehsildar/ LA in his

Suman

above note. whereas land was notified under section 4 of the LA Act boundary wise, where the land was bounded by western Yamuna canal in North, Rohtak Railway Line in South. High tension line on West and land already acquired in East for Rohini Residential Scheme.

The field staff measured the land and found it to be corrected measuring 1950 bigha 04 biswa on verification of the notified Land/ Area.

Thus the present award is for 1950 bigha 04 biswa.

The land under acquisition is agriculture land as per entry in Revenue Records. However, on survey done by the staff of Land Acquisition branch, it is found that there is Gaddha up to 3 to 4 feet in 104 bigha 05 biswa. The same has been verified and found that a large chunk of land is low lying. On local enquiry from the villagers it is revealed that earth has been lifted from the low lying land. Hence for the purpose of assessing the Market Value Land can fairly be divided into two category / blocks. One block will consist of level land depth 2 to 3 feet under cultivation to the measuring 1845-19 is categorized as block "A". Second block consisting of Gaddha up to 3 to 4 feet measuring 104 Bigha 05 biswa is categorized as block "B"

The notification U/s 4 was issued on 21.03.03 and the price of the land is to be determined as on date of notification under section 4 of the Land Acquisition Act itself. Hence in view of the absence any documentary evidences on record to the contrary and in the light of the above discussion. I find Rs.15,70,000.00 per acre to be the most reasonable price for the best kind i.e. land falling in "A" Block as on 21.03.03. I accordingly, determine the market value of the "A" Block land @ 15,70,000.00 per acre.

As regards assessment of land falling in "B" is concerned attention is required to be paid to the quality and level of land. As stated earlier, this Land has Gaddha up to 3 to 4 feet, from this land earth has been taken out. To make this low leveled inferior quality land leveled earth filling will have to be done.

Local enquiries were made and it came to my notice that for removing earth up to 3 to 4 feet land owners of these land had received money Rs. 1.20 lacs per acre at that time (10 to 12 years before)

Attention is drawn to the award no 10/99-2000 of village Sanoth where in the land having Gaddha up to 3 feet have been categorized in block "B" and the market value assessed of the B block land was lower by Rs. 1,20,000/- from A Block leveled land. i.e. the owner of B Block land received a sum of Rs. 1,20,000/- per acre on selling their land. The land in village Sanoth under reference was notified under section 4 of Land Acquisition on 1.06.1998.
