MARKET VALUE

While determining the market value of the land as on 25-2-1997 i.e. the date of notification U/S 4 of the Act, several factors such as location of land, nature of soil, award announced in the recent past of the same or adjoining villages, sale-deeds, pronouncement of different courts, claims filed by the interested persons and price policy of the Govt. regarding acquisition of agricultural land are to be taken into consideration.

The land under acquisition is basically agricultural land. However, from some of the khasra nos. earth has been taken out and as such there are 'Gadhas' upto 2-3'feet. Hence for the purpose of assessing the market value, land can fairly be divided into two blocks. One block will consist of level land measuring 1209 bighas 6 biswa categorised as block 'A' and second block will consist of land having 'Gadhas' total measuring 76 bigha 9 biswa categorised as block 'B'. Detail of this 'B' block land is as under:-

Rectangle No.	Khasra No.	Area
17	23/2-	2-15
	24	4-12
	25/1	2-06
18	20/1-	3-14

	24-	4-16
	25-	4-16

41	3/1	1-5
	3/2	1-0
TOTAL:-		<u>76-09</u>

Rest of the land is for 'A' Block.

The interested persons have generally claimed exorbitant prices ranging from Rs. 700/- to Rs. 50,000/- per sq. yard. They have, however, not filed any documentary evidence in support of their claims. The claims, therefore, cannot form any basis for the determination of market value.

In a policy ~~announcement~~ which came into effect from the financial year 1997-98 i.e. 1-4-1997 the Govt. of NCT of Delhi has fixed the indicative price of agricultural land @ Rs. 10.00 lakhs per acre. It has been further provided in the policy that the indicative price of agricultural land would also apply to all such cases where land have been notified U/S 4 of the LA Act before 1-4-1997, and awards have not been announced as yet. In such cases the indicative price of Rs. 10 lakh per acre may be discounted @ 11.5% p.a. compounded rate of interest.

Since in the present case notification U/S 4 was issued on 25-2-97, as such on that date I accept the indicative price, after discounting, to be the most reasonable price. In this way Rs. 10 lakh after discounting for the financial year 1996-97 comes to Rs. 8,96,640/- approx.

I accordingly determine the market value of 'A' block land @ Rs. 8,96,640/- per acre or Rs. 1,86,800/- per bigha.

As far as assessment of land falling in 'B' Block is concerned, attention is required to be paid to the quality of the land. As stated earlier this land has 'gadhas' from which earth has already been taken out. It is the general practice to lease out the land for removal of earth from the same for making bricks etc. Thus the land owners have already got some compensation for their land which has now become of inferior quality. For the assessment of this inferior land

it would be appropriate that the land owners should not be given the amount which they have already received in consideration of removal of earth from their land. For arriving at this amount local enquiries were made and it came to my notice that for removing earth upto 2-3 feet, Rs. 90,000/- per acre is paid as lease consideration. As such I allow a deduction of Rs. 90,000/- per acre in the market value of 'B' block land from that of the 'A' Block land mentioned earlier.

Accordingly I assess the market value of 'B' Block land @ Rs. 8,06,640/- per acre or Rs. 1,68,050/- per bigha.

In addition to the market value fixed above, land owners will be entitled to all other benefits as per the provision of LA Act.

TREES

There are some trees on the land under acquisition. Some of them are in infancy stage and can not be converted in-to fire-wood hence I do not assess the market value of trees having weight less than 1 Quintal. Detail of other trees is as Under:-

Kh. No.	Kind of tree	Qty.	Weight in Qtls.	Rate Per Qtl.	Amount (Rs.)

As such total cost of structures comes to Rs. 1,27,29,642/- which I accept and allow in the award, in addition to the above structures, there is a very high tower in Kh. No. 17/18/1. Owner of the same is at liberty to remove the same within next fifteen days and for that I allow the removal charges of Rs. 5,000/-.

All the Wells are not in use at present view of the improved methods of irrigation by way of tubewell and pump sets etc. All these are in deteriorated conditions.
