DOCUMENTARY EVIDENCE :-

Sh. Ashok Kumar has produced the following copies of sale deed in support of claims:-

S.No.	Regn. No.	Date of Regn.	Kh.Nos.	Area	Consideration amount
1.	19926	16.5.74	502	5003 sq.yds.	Rs. 16,500/-

This sale deed No. 19926 relates to the land of village Nawada adjacent to the land of village Nangli Sakrawati, which is being acquired in this present scheme of acquisition.

MARKET VALUE :-

The Market Value of the land under acquisition has to be determined with reference to the price prevailing at the date of notification u/s 4 of the Land Acquisition Act, with all its advantages and with all its potentialities. The best evidence available to arrive at the correct market value of the land would be the evidence of genuine sales executed about the times of notification either in respect of the land under acquisition or the portion thereof or sales of land precisely parallel in all circumstances to the land under acquisition. The 16 claimants have preferred different claims arranging from Rs. 120/- sq. yd. to

Rs. 8/- per sq. yd. besides damages to the standing crops and other facilities such as alternative plot etc. Only one claimant has filed a copy of sale deed No. 10986 dated 16.5.74 for a sum of Rs. 16,500/- for a land measuring 500 Sq. Yds. in khasra No. 502. This land pertains to village Nawada which is adjacent village of Nangli Sakrawati and the land is affected by the present acquisition proceedings. This sale deed is only for a small piece of land measuring 500 Sq. yds. therefore, this can not be taken into consideration for fixation of market value. The land under acquisition is preliminary an agriculture land and Delhi Land Reforms Act apply to it. No small piece of land can be used for economic use of agriculture and as such this piece of land is used for other purposes than agriculture. ~~As~~ AS regards other evidence on record an award No. 45/72-73 was given @ Rs. 1750/- per bigha by the L.A.C. on the basis of notification under section 4 ^{of the Act} dated 15.3.1972. This award is ~~also~~ ^{some} also pertain to the small portion of the land now brought under acquisition for widening of Najafgarh drain. During the interval of 1972 to the present award ~~The~~ Govt. Dairy has also been set up in the vicinity of ~~the~~ land under acquisition. It is a matter of common knowledge that during the last 9 years the prices of the land have been increased and so of the agricultural produce. The land is situated on the main Delhi Najafgarh Road adjacent to the ~~the~~ dairy farm. The award which was announced 9 years back has not much reliance in the present circumstances. Keeping in view the vicinity and increased costs of production and the market value of the land, I come to the conclusion that Rs. 3250/- per bigha would be the fair market value of the land and I accordingly award the same. No compensation shall be paid in respect of land measuring 10 Biswas in khasra No. 267 min which is Gair Mumkin Rasta.

OTHER COMPENSATION :- There are no trees, well and structures on the land under acquisition.

15 % SOLATUM :- A sum of 15% solatium will be paid on account of compulsory nature of acquisition.

INTEREST :- The possession of the land under acquisition has been taken over and handed over on 30.10.79 to the Acquiring department i.e. Flood Control Department. Therefore, interest will be paid to the interested persons from the date of taking over possession i.e. 30.10.1979 to the date of announcement of the award.

- 6 -

APPORTIONMENT :- The compensation will be paid according to the latest entries in the revenue records.

LAND REVENUE :- The land is assessed to land revenue of Rs. 34=24 Paise which will be deducted from the rent roll of the village from the date of taking over possession of the land.

SUMMARY :-

The award is summarised as under :-

- | | | |
|----|---|-----------------------------|
| 1. | Compensation of land measuring 131 Bighas 10 Biswas @ Rs. 3250/- per bigha. | Rs. 4,27,375=00 |
