MARKET VALUE

While determining the market value of the land as on 2.5.2001, the date of notification U/s 4 of the Land Acquisition Act, 1894, several factors such as location of the land, nature of soil, awards announced in recent past of the same or adjoining villages, pronouncement of different

610

courts, claims filed by the interested persons, sale deeds and price policy of the Government regarding acquisition of agricultural land are to be taken into consideration.

The land under acquisition is agricultural land and is being used for agriculture. However, there is "GADDHA" upto 3-4 feet in 54 Bigha 04 biswa of land. On local enquiry from the villagers it is revealed that earth has been lifted. Hence for the purpose of assessing the market value land can fairly be divided into two category/blocks. One block will consist of level land under cultivation total measuring 1083 Bigha 19 Biswa is categorized as Block "A" and second Block consisting of GADDHA measuring 54 Bigha 04 Biswa is categorized as Block "B".

Detail of "B" Block is as under: -

Rect. No.	Khasra No.	Area Bigha-Biswa
64	23	4-04
80	5/2	1-08
	6	4-16

The interested persons have generally claimed orbital prices of their land by making claims about Rs. 25.00 lacs to 10,000.00 per Sq. Yds. Some of the claimant have filed documentary evidence in the form of photocopy of the certified copy of the sale deed executed on 25.3.2000 for a sum of Rs.26,75,000.00 Per acre in respect of one acre of land situated in village Mamoorpur in support of their claim.

It is well established that in determining compensation, the valuation fetched for smaller plot of land cannot be applied to lands covering a very large area. The larger area of land cannot possibly fetch the same rate at which smaller plots are sold. Hence, the sale deed furnished by the claimants/interested persons to ascertain the market value of the land under acquisition cannot be applied to the land under reference. Moreover this office is in possession of a sale deed executed on 4.12.2001 in respect of land measuring 8 Bigha 10.1/2 Biswa and situated in village Natela for a sum of Rs.22,88,390.00 i.e Rs.12,89,000. (approx) per acre. It can clearly be stated that the market value of land has not increased but has either remained same or has decreased marginally since the financial year 2001. The claims therefore, cannot form the basis for determination of market value.

In a policy announcement which came into effect from the financial year 2001-2002, Government of National Capital Territory of Delhi fixed the indicative prices of agricultural land at Rs.15,70,000.00 per acre for the acquisition of agricultural land vide their order No. F.9(20)/80/L&B/LA/6696 dated 9.8.2001 which are applicable with effect from 1.4.2001.

In view of the absence of any documentary evidences on record to the contrary, and in light of the above discussion, I find Rs. 15,70,000.00 per

612

acre to be the most reasonable price for the agricultural land as on 2.5.2001. The notification under section 4 was issued on 2.5.2001 and the price of the land is to be determined as on the date of notification under section 4 of Land Acquisition Act itself. Hence, in view of the above facts I find Rs.15,70,000.00 per acre to be the most reasonable price for the best kind, i.e land falling in "A" block as on 2.5.2001. I, accordingly, determine the market value of the "A" block land @ Rs.15,70,000.00 per acre.

As regards assessment of land falling in "B" block is concerned attention is required to be paid to the quality and level of land. As stated earlier, this land has Gaddhas upto 3-4 feet. From this land, earth has been taken out. To make this low leveled inferior quality land leveled, earth filling will have to be done. Local enquiries were made and it came to my notice that for removing earth upto 3-4 feet the land owners of these land had received money @ Rs.1.20 lacs per acre at that time i.e 10-13 years back. Attention is drawn to the Award No. 10//99-2000 of village Sanoth wherein the land having Gaddhas upto 3 feet have been categorized in Block "B" and the market value assessed of the B block land was lower by Rs.1,20,000.00 from the A block leveled land, i.e the owners of B block land received a sum of Rs.1,20,000.00 per acre on selling their land. The land in village Sannoth under reference was notified Under section 4 of Land Acquisition Act on 1.6.1998. Taking into the consideration the increase in the market value of this land, the market value of B block is to be reduced by Rs.1,70,000.00 per Acre as on 2.5.2001, i.e the date of notification under section 4 of LA Act in the present matter in comparison with the market value of leveled "A" block of land. As such I assess the market value of B block land @ Rs.14,00,000.00 per acre.

In addition to the market value fixed above, land owners will be entitled to all other benefits as per the provision of the Land Acquisition Act.

SOLATIUM

As provided under sub-section 2 of section 23 of the Land Acquisition (amendment) Act, 1984, solatium @ 30% shall be paid to the interested persons on the market value of the land.

ADDITIONAL AMOUNT

The interested persons are entitled to additional amount @12% p.a on the market value of the land as per the provisions of section 23(1-A) of the Land Acquisition Act, 1894 from the date of notification under section 4 i.e. 2.5.2001 till date of possession or announcement of the award whichever is earlier as per the provision of the Land Acquisition Act, 1894.

POSSESSION

Physical possession of the land under acquisition will be taken after announcement of award.

There are some trees on the acquired land under acquisition. Some trees are in infancy stage, which cannot be converted into firewood. Hence, I do not assess any market value of such trees being less than one-quintal weight. Pipal and Banyan trees have not been assessed. The details of other trees are as under: -
