MARKET VALUE

While determining the market value of the land as on 21.3.2003, i.e the date of notification U/s 4 of the Land Acquisition Act, 1894, several factors such as location of the land, nature of soil, awards announced in the recent past of the same or adjoining villages, pronouncement of different courts, claims filed by the interested persons, sale deeds and price policy of the Government regarding acquisition of agricultural land are to be taken into consideration.

The land under acquisition is agricultural land. However, on survey done by the staff of Land Acquisition branch it is found that there is "GADDHA" upto 3-5 feet in 204 Bigha 04 biswa. The same has been verified, and found that a large chunk of land is low lying. On local enquiry from the villagers it is revealed that earth has been lifted from the low lying land. Hence for the purpose of assessing the market value, land can fairly be divided into two category/blocks.

One block will consist of level land or land having depth upto 2 to 3 feet feet under cultivation total measuring 1765 Bigha 14 Biswa is categorized as Block "A". second Block consisting of GADDHA upto 3-5 feet measuring 204 Bigha 04 Biswa is categorized as Block "B".

Detail of "B" Block is as under: -

Rect. No.	Khasra No.	Area Bigha-Biswa
20	13	0-19
	17	4-16
	18	4-16
	19	2-08

The land under acquisition is agricultural land and is being used for agriculture/floriculture, nursery, etc.

The interested persons have generally claimed exorbitant prices of their land by making claims about Rs. 2,000.00 to Rs.25,000.00 per Sq. Yds. However, most of the claimants have not filed any documentary evidence(s) in support of their claims. Only two persons have enclosed a copy of letter dated 7.3.04 issued by DSIDC in respect of allotment of industrial plot in Narela. @ Rs.7776/- per Sq mtr. In this regard it is submitted that DSIDC sells a developed land whereas the land under acquisition is agricultural land and hence cannot be compared. Moreover the potentiality of land in village Narela and the land under acquisition is different. The claimants ought to have produced sale deed of the land under acquisition or land adjacent to it having same potentiality. The claimants have failed in furnishing the sale deed for the same. As such the claims therefore, cannot form the basis of determination of market value.

In a policy announcement which came into effect from the financial year 2001-2002, Government of National Capital Territory of Delhi fixed the indicative prices of agricultural land @ Rs.15,70,000.00 per acre for the acquisition of agricultural land vide their order No. F.9(20)/80/L&B/LA/6696 dated 9.8.2001 which are applicable with effect from 1.4.2001.

The notification under section 4 was issued on 21.3.2003 and the price of the land is to be determined as on the date of notification under section 4 of Land Acquisition Act itself. Hence, in view of the absence of any documentary evidences on record to the contrary, and in light of the above discussion, I find Rs.15,70,000.00 per acre to be the most reasonable price for the best kind, i.e land falling in "A" block as on 21.3.2003. **I, accordingly, determine the market value of the "A" block land @ Rs.15,70,000.00 per acre.**

As regards assessment of land falling in "B" block is concerned attention is required to be paid to the quality and level of land. As stated earlier, this land has Gaddhas upto 3-4 feet. From this land, earth has been taken out. To make this low leveled inferior quality land leveled, earth filling will have to be done. Local enquiries were made and it came to my notice that for removing earth upto 3-4 feet the land owners of these land had received money @ Rs.1.20 lacs per acre at that time i.e 10-13 years back.. Attention is drawn to the Award No. 10//99-2000 of village Sanoth wherein the land having Gaddhas upto 3 feet have been categorized in Block "B" and the market value assessed of the B block land was lower by Rs.1,20,000.00 from the A block leveled land, i.e the owners of B block land received a sum of Rs.1,20,000.00 per acre on selling their land. The land in village Sanoth under reference was notified Under section 4 of Land Acquisition Act on 1.6.1998. After taking into the consideration the increase in the market value of the land notified subsequently, the market value of B block is to be reduced by Rs.1,70,000.00 per Acre as on 23.1.2003, i.e the date of notification under section 4 of LA Act in the present matter in comparison with the market value of leveled "A" block of land . **As such I assess the market value of "B" block land @ Rs.14,00,000.00 per acre.**

In addition to the market value fixed above, land owners will be entitled to all other benefits as per the provision of the Land Acquisition Act.

SOLATIUUM

As provided under sub-section 2 of section 23 of the Land Acquisition (amendment) Act, 1984, solatium @ 30% shall be paid to the interested persons on the market value of the land.

ADDITIONAL AMOUNT

The interested persons are entitled to additional amount @12% p.a on the market value of the land as per the provisions of section 23(1-A) of the Land
