It is clear from the status of above mentioned CWP's that there are status quo orders against dispossession but explicitly there is no such orders/direction for restraining against the announcement of award. However since the notification u/s 17(1) has been issued, one of the interpretation of the same could be that award be announced only after taking over the possession of the land on the other hand section 11A of the LA Act have imposed a rider that the award shall be announced within the period of two years from the date of notification u/s 6 otherwise the entire proceedings for acquisition of land shall lapse, therefore, to be on safer side the undersigned consider it to be necessary to announce the award, however the award made hereunder shall not interfere with restraining orders passed by the Hon'ble High Court.

Classification of land:

The land under award can be classified into two blocks on the basis surface level of the land . The block A where the land is levelled/low lying land upto depth of 1 mtr and block B is the land from which the top soil has been excavated beyond 1 mtr. The khasrawise details of block B is as under:-

The claimants have filed the following documents as an evidence in support of their claim:-

- 1) Sale Deed no. 798 dt 15-4-99 of Rs. 32,94,000/- for an area measuring 2 -12 bighas, vill. Pochanpur in favour of Radha Soami Satsang Beas.

The perusal of claims reveals that the claimants have filed claims, which are exorbitantly high. The evidences mentioned above pertains to one person i.e. Radha Soami Satsang Beas, which is a registered religious society and a single out case and can not be relied upon as an evidence for determination of compensation. The Govt. also while issuing the circular dt 11-9-01 might have taken it into consideration and ignored it. The claims are considered on merit and rejected, since it does not represent the true market value of the land.

MARKET VALUE

The market value of land under acquisition is to be determined with reference to the date of notification U/S-4 of the Land Acquisition Act, 1894, which is 13.12.2000 in this case. For determination of the market value of land the indicative price fixed by the Govt. of NCT of Delhi for agricultural land in Delhi @ Rs.13.82 Lakh per acre as conveyed by the Dy.Secy(LA), Land & Building Deptt. Vide letter no.F.9(20)/80/L&B/LA/8490 dated 11.09.2001 are taken into consideration. Accordingly the market value of the land under acquisition is determined as @ Rs.13.82 lakh per acre in block 'A', @ Rs. 12.32 lakh per acre in block 'B'. In addition to the market value the land owner will be entitled for other benefits as per provisions of the Land Acquisition Act, 1894.

VALUATION OF STRUCTURE, TREES & TUBEWELLS ETC.

The valuation report of structures, trees & tubewells e.t.c. have not been received from the Public Works Deptt. and Horticulture deptt., in the absence of report it is difficult to decide the compensation for these items, therefore the compensation in respect of these items will be determined in due course of time as a supplementary award.

SOLATIUUM

30% solatium will be given to the landowners on the market value of the land due to compulsory nature of the acquisition under section 23(2) of the Land Acquisition Act 1894.

ADDITIONAL AMOUNT

An additional amount @ 12% per annum on the market value of land U/S 23(IA) of Land Acquisition Act 1894 will be given to the land owners for the period commencing from the date of notification U/S-4 to the date of physical possession or Award, whichever is earlier. In the following CWP's the status quo orders against dispossession were passed by the Hon'ble High Court, as such the additional amount will be given accordingly.
