

IN THE COURT OF SHRI RAM PARSHAD, LAND ACQUISITION COLLECTOR
D E L H I.

O F F E R

No. 2083

Name of the village:

R A J O K R I.

Nature of acquisition:

PERMANENT.

In accordance with the orders of Collector, Delhi his order No. 3(110)/64-Misc. (Req)-9545-50, dated 12th 1964, the area measuring 311 bighas 17 biswas of village Rajokri was requisitioned under the sub-section 4 of section 36 of the Defence of India Act, 1962 for the efficient conduct of Military Operations. The possession of the land was handed over to Military Authorities on 21.10.1964. Rent for one year and compensation for the crops has already been paid to the interested persons. It has now been decided to acquire the said land. The proceedings in the above has been taken up by me in exercise of the powers delegated to me by the Government of India, Ministry of Home Affairs, vide Notification No. 1 dated 10th June, 1965. Accordingly notices under sub-section 4 of section 36 of the Defence of India Act were served on the interested persons.

The details of Khasra Nos with Bhoomidars etc as per revenue record of the land are as under:-

Notices under sub-section 2 of the section 36 of Defence of India Act have also been served on all the interested persons on 18.10.65. No claims and objections have been received from the land-owners in response to the notices. However, Sarvshri Kaloo, Bharat Singh, Bhim Singh alias Bhimoo ss/o Nathan r/o village Rajekri have claimed compensation at the rate of Rs. 5000/- per bigha kham for the land, Rs. 8000/- for one well and Rs. 3000/- for structures on the well. In addition to this, they have claimed compensation of Khasra No. 625/1 measuring 1 big. 5 bis. as owners, although this land is entered in the revenue record in the name of Gram Sabha, and these claimants are entered as tenant on the land. The compensation of this field No. 625/1 will not be paid to the tenants and will remain disputed.

ASSESSMENT OF COMPENSATION:

According to section 37(1) of the Defence of India Act, 1962, the compensation payable for the acquisition of property shall be:-

- (a) The price which the requisitioned property would have fetched in the open market if it had remained in the same condition as it was at the time of requisitioning and been sold on the date of acquisition or,
- (b) twice the price which the requisitioned property would have fetched in the open market if it had been sold on the date of requisitioning, whichever is less.

The acquisition proceedings in this case have been taken up within one year of the requisitioning of the land in question. The provisions of sub-section (b) of section 37 would ordinarily be applicable to cases in which the period intervening the requisition and acquisition of land is very long and there might have been fluctuations in the price of the land. Moreover, the compensation payable under sub-section (b) of section 37 would be much more than the compensation payable under sub-section (a) of section 37. In view of this I assess the compensation accordingly to sub-section (A) of section 37, according to price which the requisitioning property would have fetched in the open market if it had remained in the same condition.

There have been the following sales of land in village Rajekri during the year, 1964-65.

S.N.	Mutation No.	Date of regn.	Area Big.Bis.	Amount	Average per bigha
1.	651	24.2.64	20 - 11	Rs. 6,500/-	Rs. 227.67 P.
2.	655	24.5.65	4 - 16	Rs. 5,000/-	Rs. 1041.67P.

The sale of the land according to mutation No.651 is not applicable in assessing the compensation for the agricultural land as this sale is of 24.2.64 i.e. before the date of requisitioning of land vide order dated 12.10.64 and taking possession of the land on ~~1~~ 21.10.64. The sale of the land according to mutation No.655 is suitably applicable in assessing the compensation for the agricultural land. In this 4 bighas 16 biswas has been sold for Rs.5000/- and the date of registration is 24.5.65.

(Signature)
The land owners except one have not filed any claims nor any objection in response ^{to 15} to the notices served on them. One who has filed the claim for compensation has claimed Rs.5000/- per bigha kham, but has not produced any proof in support of the claim, as there was no sale transaction in the year, 1965, except one mentioned above which was through mutation No.655. Under the circumstances, the claim of the land owner is exorbitant and fabulous and without any proof.

I have inspected the land under acquisition of village Rajekri. The Chahi and Sailab land is 123 bighas 04 biswas while Rosli and Ghairmukin land is 181 bighas 09 biswas. The Chahi land is much better in quality than the Rosli land.

Considering all these factors, the land is divided into two blocks 'A' & 'B'. Block 'A': will consist of all the Chahi and Sailab land total measuring 123 bighas 04 biswas and consisting of the following field Nos.

573/2, 574/2, 575, 577/2, 576/1, 576/2, 578/1, 579/2, 601/2, 602, 603, 604, 605/2, 612, 613, 614, 615, 616, 618

678/1, 679/1, ~~680~~ Total measuring 123 bighas 04 biswas.

Block 'B': will consist of Rosli and Ghairumkin land and consisting of the following field Nos.

599/2, 580/1, 600/2, 601/1, 605/2, 606/2, 607, 608,
609, 610/1, 611/1, 617, 623, 624, 625/1, 625/2, 626/1, 626/2,
626/3, 627, 628, 629/1, 629/2, 630/1, 631/1, 634/1, 635/1/1,
635/2/1, 636, 637, 638, 639, 640, 641, 642/1, 642/2, 643/1/2,
~~643/2/2~~, 643/2/2, 644/2, 648/1/2, 649/2, 650/1, 650/2, 651/1,
651/2, 652, 657, 658, 659, 660/1, 660/2, 661, 662, 664/2/1,
667, 668, 669, 670/1, 680/1, 681, 682/1/1, 682/2/1, 683/1,
713/1/1, 713/2/1, 714/1/1, 714/2/1, 774/1, 775/1/2, total
measuring 181 bighas 09 biswas.

As regards the market value of the land, the sale transaction vide mutation No. 655 at the rate of Rs. 1041.67/- per bigha kham is a good guide in assessing the market value of the Rosli land under acquisition.

Giving consideration to this sale transaction, the market value of the land in block 'B' should be at the rate of Rs. 1050/- per bigha kham. This value is fair and reasonable, and I assess the market value of the land in block 'B' at Rs. 1050/- per bigha kham. As regards the market value in block 'A', the land is Chahi and Sailab and is ~~of~~ much better in quality than the Rosli land. I assess the market value in block 'A' at the rate of Rs. 1500/- per bigha kham, which is fair and reasonable as per situation and quality of the land.

TREES HEDGES AND OTHER STRUCTURES:
