MARKET VALUE

While determining the market value of the land as on 27.1.2003, i.e the date of notification U/s 4 of the Land Acquisition Act, 1894, several factors such as location of the land, nature of soil, potentialities attached to the land and awards announced in the recent past of the same or adjoining villages, pronouncement of different courts, claims filed by the interested persons, sale deeds and price policy of the Government regarding acquisition of agricultural land are to be taken into consideration.

The land under acquisition is agricultural land. However, on survey done by the staff of Land Acquisition branch it is found that there is "GADDHA" upto 2-3 feet's in 45 Bigha 02 biswa and about 4-6 feet's in 220 bigha 03 biswa of land. On local enquiry from the villagers it is revealed that earth has been lifted. Hence for the

purpose of assessing the market value, land can fairly be divided into three category/blocks. One block will consist of level land under cultivation total measuring 1922 Bigha 18 Biswa is categorized as Block "A", second Block consisting of GADDHA upto 2-3 feet measuring 45 Bigha 02 Biswa is categorized as Block "B" and third block consisting of GADDHA upto 4-6 feet measuring 220 Bigha 03 Biswa is categorized as Block "C"

The land under acquisition is purely agricultural land and is used for agriculture. The interested persons have generally claimed exorbitant prices of their land by making claims about Rs. 5,000.00 to Rs.10,000.00 per Sq. Yds. They have, however, not filed any documentary evidence(s) in support of their claims. The claims therefore, cannot form the basis of determination of market value.

In a policy announcement which came into effect from the financial year 2001-2002, Government of National Capital Territory of Delhi fixed the indicative prices of agricultural land @ Rs.15,70,000.00 per acre for the acquisition of agricultural land vide their order No. F.9(20)/80/L&B/LA/6696 dated 9.8.2001 which are applicable with effect from 1.4.2001.

In view of the absence of any documentary evidences on record to the contrary, and in light of the above discussion, I find Rs.15,70,000.00 per acre to be the most reasonable price for the agricultural land as on 27.1.2003. The notification under section 4 was issued on 27.1.2003 and the price of the land is to be determined as on the date of notification under section 4 of Land Acquisition Act itself. Hence, in view of the above facts I find Rs.15,70,000.00 per acre to be the most reasonable price for the best kind, i.e land falling in "A" block as on 22.1.2003. I, accordingly, determine the market value of the "A" block land @ Rs.15,70,000.00 per acre.

As regards assessment of land falling in "B" block is concerned attention is required to be paid to the quality and level of land. As stated earlier, this land has Gaddhas upto 2-3 feet. From this land, earth has been taken out. To make this low leveled inferior quality land leveled, earth filling will have to be done. Local enquiries were made and it came to my notice that for removing earth upto 2-3 feet the land owners of these land had received money @ Rs.1.20 lacs per acre at that time i.e 10-13 years back.. Attention is drawn to the Award No. 10//99-2000 of village Sanoth wherein the land having Gaddhas upto 3 feet have been categorized in Block "B" and the market value assessed of the B block land was lower by Rs.1,20,000.00 from the A block leveled

[Handwritten signature]

land, i.e the owners of B block land received a sum of Rs.1,20,000.00 per acre on selling their land. The land in village Sanoth under reference was notified Under section 4 of Land Acquisition Act on 1.6.1998. After taking into the consideration the increase in the market value of the land notified subsequently, the market value of B block is to be reduced by Rs.1,70,000.00 per Acre as on 27.1.2003, i.e the date of notification under section 4 of LA Act in the present matter in comparison with the market value of leveled "A" block of land . As such I assess the market value of B block land @ Rs.14,00,000.00 per acre.

As regards assessment of land falling in "C" block is concerned attention is required to be paid to the quality and level of land. As stated earlier, this land has Gaddhas upto 4-6 feet. From this land, earth has been taken out for making bricks etc. The owners of these land had received money out of sale of earth to Brick Kiln owners. The land under consideration is of C block from which earth upto 4-6 feet has been removed i.e twice the level of the block B. Hence a deduction of Rs.3,40,000.00 per acre is made from that of A block land. As such I assess the market value of C block land @12,30,000.00 per acre as on 27.1.2003.

In addition to the market value fixed above, land owners will be entitled to all other benefits as per the provision of the Land Acquisition Act.

SOLATIUM

As provided under sub-section 2 of section 23 of the Land Acquisition (amendment) Act, 1984, solatium @ 30% shall be paid to the interested persons on the market value of the land.

ADDITIONAL AMOUNT

The interested persons are entitled to additional amount @12% p.a on the market value of the land as per the provisions of section 23(1-A) of the Land Acquisition Act, 1894 from the date of notification under section 4 i.e. 27.1.2003 till date of possession or

(1) 15/7

announcement of the award whichever is earlier as per the provision of the Land Acquisition Act, 1894.

POSSESSION

Physical possession of the land under acquisition will be taken after announcement of award.

TREES

There are some trees on the acquired land under acquisition. Some trees are in infancy stage, which cannot be converted into firewood. Hence, I do not assess any market value of such trees having less than one-quintal weight. Pipal and Banyan trees have not been assessed. As regards other trees weighing more than 1 quintal, I assess it at Rs.100.00 per Quintal. The details of other trees with assessment are as under: -
