Also notices under section 50 of the land Acquisition Act, 1894 was issued to the requisitioning department. Neither the requisitioning department appeared in person nor through a representative to adduce evidence for the purpose of determining the amount of compensation.

MARKET VALUE

While determining the market value of the land as on 22.8.2001, i.e the date of notification U/s 4 of the Land Acquisition Act, 1894, several factors such as location of the land, nature of soil, awards announced in the recent past of the same or adjoining villages, pronouncement of different courts, claims filed by the interested persons, sale deeds and price policy of the Government regarding acquisition of agricultural land are to be taken into consideration.

The land under acquisition is agricultural land and is being used for agriculture.

The interested persons have generally claimed exorbitant prices of their land by making claims about Rs. 553.00 Sq Yds to 10,000.00 per Sq. Yds. They have, however, not filed any documentary evidence(s) in support of their claims. Here, it is stated that there is no approach road in the vicinity of the land under reference. Hence, the land in question has no commercial

value. Moreover this office is in possession of a sale deed executed on 4.12.2001 in respect of land measuring 8 Bigha 10 1/2 Biswa situated in village Narela for a sum of Rs.22,88,390.00, i.e Rs.12,89,000 (approx) per acre. It can clearly be stated that the market value of land has not increased but has either remained same since the financial year 2001 or has decreased marginally. The claims therefore, cannot form the basis of determination of market value.

In a policy announcement which came into effect from the financial year 2001-2002, Government of National Capital Territory of Delhi fixed the indicative prices of agricultural land @ Rs.15,70,000.00 per acre for the acquisition of agricultural land vide their order No. F.9(20)/80/L.&B/L.A/6696 dated 9.8.2001 which are applicable with effect from 1.4.2001.

In view of the absence of any documentary evidences on record to the contrary, and in light of the above discussion I find Rs.15,70,000.00 per acre to be the most reasonable price for the agricultural land as on 22.8.2001. The notification under section 4 was issued on 22.8.2001 and the price of the land is to be determined as on the date of notification Under section 4 of Land Acquisition Act itself. I, accordingly, determine the market value of the land @ Rs.15,70,000.00 per acre.

In addition to the market value fixed above, land owners will be entitled to all other benefits as per the provision of the Land Acquisition Act.

SOLATIUM

As provided under sub-section 2 of section 23 of the Land Acquisition (amendment) Act, 1984, solatium @ 30% shall be paid to interested persons on the market value of the land.
