MARKET VALUE

257 bighas 17 bis in village Saphipur Ronghola which
is a rural village and is ~~not~~ governed by the Delhi
Land Reform Act, are under acquisition. The break up
of the land under acquisition soil-wise is as under:-

1. Apash 26 bighas 3 biswas.
2. G.Apash 37 bighas 13 biswas.
3. P.Jadid 4 bighas 13 bis.
4. B. Qadim 185 bighas 11 bis.
5. G.M.Chah 08 biswas.
6. G.M.Rasta 3 bighas 10 biswas.

The G.M.Rasta is a public through-fair and hence no
compensation has been assessed for it.

Apash and G.Apash is practically the same, there
being no difference. It is superior in all respects to
other kind of land. So the land under acquisition can
not but be divided in two Blocks. The Block 'A' will
comprised ~~inx~~ of Apash and G.Apash ~~with the~~

The land under acquisition has been notified for
acquisition under section 4 on 6th Sept. 1969. The pri
prevailing on that date in the village is to be determ
and awarded. For this purpose the sale transactions tha
took place in the village were collected from the sub-
Registrars Office. The details of the sales are as unde

S.No.	village	Sale Deed No.	Date of Regn.	Area	Amount	Av
				big.bis.	consi-	pe

1.	Saphipur Ranhola	1974	5.7.63	14-08	10000/-	Rs.
2)	- do -	1102	20.3.64	12-12	4800/-	381
3)	- do -	709	17.2.69	12-08	9500-00	39

According to the records of the sub-registrar Offi
only three sale transaction appear to have been execut
and registered. One in 1963, Second in 1964 and third
in 1969. The date of Preliminary notification u/s 4 i
6th Sept. 1969. The sale transaction at S.No.3 is the
latest and ought to be considered for evaluation of
market price of land under acquisition. The average p
bigha works out to Rs. 3958.33 on 17.2.69. The situati
is neither exceptional, or otherwise good. It is an
agricultural land . It is neither situated on any road
or Rasta nor near the abadi of the village. However

it is close to the land under acquisition which is similarly situated.

The file pertaining to issuance of notification u/s 4 and 6 was perused. Since 8.3.68 the Land under acquisition has been frequented by the Aviation Department. C.P.W.D. and Land Acquisition Staff. This may have suggested to the land owner to boost the price of land. Consequently the sale transaction at No.3 was executed and registered on 17.2.69 and the Aviation Department gave the demarcation of the land under acquisition to the land acquisition staff on 24.2.69. Hence the sale transaction was motivated and cannot be deemed to be genuine. Hence it is discarded.

Of the other two sale transactions the nearest to the land under acquisition is the sale transaction at S. No.2. The price per bigha on 20.3.64 is Rs. 381/- The situation and conditions are similar to the land under acquisition. The situation of the sale transaction at S.No.1 is better than the sale transaction at S.No. 2 and the land under acquisition. That is why the average price per bigha is more which is Rs. 694-40 in July, 1963.

The claimants have submitted these sale deeds. One relates to village Saphipur Ronhola, second relates to village Nelothi and third to village Tilang Pur Katla. The village Tilang pur Katla is about two miles from the village Saphipur Ronhola., where land is being acquired. This, therefore, serves no useful purpose and has been ignored. The land of the village Nelothi is situated in the Abadi, and moreover it relates to the year 1964. In the year 1969 before the issuance of notification u/s 4 in the present scheme three sale transactions took place in this village. The price ranges between Rs. 3000/- to Rs- 4000/- per bigha. These sales relate to the land situated in the abadi and close to the abadi ~~and also close to the abadi~~ and on the approach road. As the situation and conditions are dissimilar to the land under acquisition these sales have been discarded.

In the same village another sale took place in the year 1968. 43 bighas 5 bis were sold for Rs. 30,000-00 and the price per bigha comes to Rs. 693-64P. The land is an agricultural land, part of it is situated on the approach road, but most of it is at a distance from the abadi as well as the approach road. This is an idea to sale/evaluate market price of the land under acquisition and also ideal is the sale at S.No.2, because the situation and ^{Conditions} ~~considerations~~ are identical. These also show the trend in prices. Price of similar land has risen ~~of xixi~~ by Rs. 300/- between 1964 and 1968 (sale transaction of 68 and at S.No.2). To cover the period between 1968 and issuance of preliminary notification which ~~praxim~~ is one year, a marginal increase will be provided to arrive at the price prevailing on 6th Sept. 1969. (date of issue of notification u/s 4) I, therefore award Rs. 800/- for Block 'A' and Rs. 500/- for Block 'B'
