MARKET VALUE: -

The market value of the land under acquisition has to be determined with reference to the price prevailling at the date of preliminary notification u/s 4 of the L.A.Act, with all advantages and with all its potentialitie-s. The best evidence available to arrive at the correct market value of the land would be the evidence of general sales effected near about the time of notification either in respect of the land under acquisition or the portion thereof or the sale of land almost parallel in all circumstances to the land under acquisition.

Efforts were however made to find out the paralles deeds in the village market to the material date at

evaluate the market value of the land. The following statement shows the sale transaction executed near about the material date of notification u/s 4 of the L.A.Act, in village shafipur Ranhola

The above sale deeds which have been executed in this village during the period of five years prior to the date of preliminary notification u/s 4 i.e. 18.8.1978, relates to the small plots of land measuring 100-200 yards only and these sales deeds cannot be taken into consideration while assessing the market value of the land under acquisition.

These sale deeds are presumily for residential purpos It may not be out of place to mention here that Delhi Land Reform Act, is applicable to the land of village Shafipur Ranhola.

In view of the restrictions of sections 22 & 23 of Delhi Land Reforms Act, the land inquestion could be used only for the purpose of agriculture, horticulture or animal husbandary etc. It is, therefore, not possible to consider such sale deeds for assessing the true market value of the land under acquisition.

In village Shafipur Ranhola same awards have been made.

In award No.23/78-79, which was drawn on 23.6.78, the Land Acquisition Collector has given flat rate of Rs. 1100/-per bigh kham.

The date of preliminary notification u/s 4 of this award is 28.1.77 where as the date of prelimary notification u/s 4 of the L.A.Act, of the present award is 18.8.78.

A rational increase will be made for the gap between the preliminary notification of award No. 23/78-79 and the preliminary notification under section 4 of the L.A.Act of land under acquisition.

The difference is of one year and about about the

to meet the end of justice it will be appropriate to determine the market value to Rs. 1250/- per bigha kham.
